Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>"Now Eat This! with Rocco DiSpirito" is chef Rocco DiSpirito's new E/I show, dedicated to helping teens and families eat better, and live healthier lives, without sacrificing flavor. Rocco has two passions in life: family and food. He knows that the pressures of modern life make it harder for families to stay whole and eat wisely. Drawing from his own real life experiences, Rocco is determined to bring families back together over a delicious, healthy meal. Each 30-minute episode is focused on an individual, or a family, and their issues related to food and health. Examples include guests and families struggling with weight issues; trying to feed budding athletes; eating right on a budget; fighting serious health issues like diabetes; simply desiring to live a healthier life. Through the course of each episode, Rocco teaches the guest(s) and viewers important information about food and nutrition, guiding them to make better choices with the food they eat. In the process, they'll learn to cook, Rocco style. Fun and entertaining, and loaded with valuable takeaway information. Each episode ends with a renewed sense of purpose, and a commitment to change for the better.</p>

Describe the educational and informational objective of the program and how it meets the definition of Core Programming. Animal Atlas continues its long series life by using technology to consistently improve the essential visual component of the episodes. The high definition video of the arresting animals and animal elements is well used to engage viewers and lead them through a sequence of valued and meaningful insights. One of the series strengths continues to be that it does not just present a list of animal facts but links a wide variety of information into sequences that make knowledge of the animal kingdom both simpler and easier to remember. The interstitial quizzes have become not just summaries of previous information but a lead-in to the next organized sequence of information. The tone of credited narrator Eric Schwartz is perfect for the target group of 13-16 year-olds. It is non-professorial and faux flip-again, ideal for the target mindset of selfconfident adolescence. Yet the vocabulary is rich. It presumes the understanding of the words like "behemoth" and "adaptation" but gives enough context to add that word to young viewers' vocabulary without getting pedantic. Great information in a rich visual context

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Because station WTOC-TV ceased analog operations and converted to digital-only operations prior to the start of the reporting period, questions 7(b) and 7(c) are no longer applicable. On 4/27, Busytown Mysteries I and II at 11am were preempted due to the live presentation of the Stand Up For America Parade that started at 10am and continued past the timeslot. We moved the programming to our second home at 8am (4/27). On 05/11, Busytown Mysteries I and II were preempted due to the live presentation of the Glennville Onion Parade starting at 10am and continuing past the scheduled timeslot. We make good the shows on 5/11 at 8am, our second home. On 06/29, Busytown Mysteries I and II at 11am were preempted due to the live presentation of the Hampton Watermelon Festival Parade that started at 10am and continued past the timeslot. We moved the programming to our second home at 8am (6/29). Listing services were notified of the preemption and change. It was also mentioned in newscasts.

Program Title	Doodlebops I on WTOC 11.1
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays 7am (07/06/13-09/28/13)
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	3 years to 6 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	By means of fantasy, fun, music and rhyme, the Doodlebops teach children about their world and gives them the vital motivation and tools to explore it. Each episode will feature a live-action child who writes to the Doodles for help or advice with a problem. This child then gets and enters an animated world of the Doodlenet where they can hop on the magical tour bus and travel anywhere their imaginations can take them. Each episode will reinforce a lesson through a musical interlude or song that encapsulates the educational objective or message. Each of the children's programs has been designed with the significant purpose of serving the educational and informational needs of children and can be cited toward fulfilling the FCC's three-hour-a-week core programming requirement that became effective September 1, 1997. The COOKIE JAR TV programs will be formatted so that they will be in compliance with the commercialization limit established by Congress in the children's television act of 1990 of no more than ten-and-a-half minutes of commercial time per weekend clock hour and no more than five-minutes-fifteen-seconds per half-hour of children's programming.
