Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(Digital 40.1) The weekly half hour series features stories about world class athletes, accomplished artists, scholars, philanthropists, and entrepreneurs all under the age of 18. Examples include Patrick Pedraja, a 14 year old actor and philanthropist who traveled America by RV, raising awareness for cancer by signing donors up for the National Marrow Registry. Another example is Turquoise Thompson, who sprinted her way into the record books and earned herself a full scholarship to UCLA. And then there is Kimberly Anyadike, who became the youngest pilot to fly across the country and sisters Marni and Berni Barta who created Kidflicks, a nonprofit organization that donates new and used DVDs to children in hospitals all across the country.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(Digital 40.1) On The Spot is a series tapping knowledge across a series of subject areas, geography, art, technology, science, math, history, language, music, and sports. It also addresses general cultural knowledge. The format is a series of seemingly random questions to individuals who are either of school age or adults past the age of high school graduation. There are three fundamental educational benefits to this format. First, it taps into fact retrieval in the curriculum. Second, and more important, it expands the information beyond fact retrieval. Third, and most important, it addresses what educators call non-cognitive factors for students success.

Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(Digital 40.1) Animal Atlas remains on course as a program that is entertaining and engaging to a wide audience while managing to deliver information that would be very welcome in a middle or high school classroom. The series matches the evolved visual intelligence of the young 21st audience by building content with short clips, five-seconds or less in length, and weaving them together in a narrative that keeps a viewer engaged with a compelling narrative overview. The animal kingdom has an innate richness of color, form, and motion and Animal Atlas episodes are built from this richness. The thread that links the clips together is the connection between the differing members of the animal kingdom, including our own species. In a compelling blend, animal examples are pulled from both common experience, such as the horse and cat, and exotic animals like the clouded leopard and the red panda. As the nature of animals is explored, the content and clarity creates a program of exceptional education value.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Antenna TV Network (channel 40.2) inadvertently omitted the "E/I" logo from episodes of "Animal Rescue Classics" that aired on SA at 7:00AM and 7:30AM PST from October 5 through December 15, 2013 (episode numbers 101-122). The network scheduled "make good" telecasts of all the affected episodes, with the required "E/I" logo, with notice to viewers (using on-screen graphics informing viewers of the special times) and the national program listings services, on SA December 28, 2013 from 10:00AM to 2:00PM PST and on SU December 29, 2013 from 7:00AM to 2:00PM PST.
