Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program explores the marine ecosystem from tributaries, rivers and oceans to develop an understanding and let the viewer know that we are key in preserving the ocean environment. Aqua Kids teaches about the diversity and beauty of the marine environment and its potential destruction by pollution and carelessness of the human population; such as marine mammals dying from the ingestion of plastic and toxic waste in our waterways destroying the habitat and marine life. By showing the audience the problems they encounter, the Aqua Kids educate their peers on what can be done to solve environmental dilemmas. This program will air on the station's secondary digital stream; 34.2.
