Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Earth to Luna! follows the adventures of a little girl who's completely, undeniably and passionately into just one thing: science. For Luna a six-year old girl, the earth is a giant laboratory, and she dives into every new experience with boundless energy and enthusiasm along with her little brother Jupiter and pet ferret Clive. What most of us ignore, Luna notices and cannot rest until she is able to answer the question, "Why is this happening?" There is nothing Luna won't do to find the answers to her scientific questions.
