Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	5.5
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	28.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	0.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	State to State is an educational and informative half-hour, E/I program that travels to every entertaining nook and cranny of America. Viewers will experience the hectic dazzle of the Big Apple, discover the rawhide spirit of Wyoming, learn about the revival of St. Louis, celebrate the innovation of Silicon Valley, hear the music of New Orleans and Austin, understand the history of Hollywood, and learn about America's diverse culture in nearly every state in the union. Viewers will also learn about the country's diverse geography and experience the great outdoors, from Alaska to the Everglades. They'll see the biggest events and discover the hidden gems. Each episode showcases between one and three states and dozens of locations within them. State to State delivers fast-paced, engaging information that's a perfect match for the 21st century learner. The series is packed with facts about history, geography, and culture. The goal of the series is to provide young viewers with the inspiration and information to better understand and appreciate the dynamic and diverse country they live in.
