Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Cubix: Robots For Everyone takes place in the year 2040 in Bubble Town where robots outnumber humans. The series centers around a 13-year-old boy named Connor, his robot Cubix and the members of a special club known as Botties. Each member of the Botties has their own robot with a unique characteristic who faces life scenarios that commonly affect children today - feeling sad and alone, insecure and vulnerable, fear of failure, and overcoming uncertainties and phobias. The Botties face the same real-life conflicts and fears that children face. Throughout the entire series, the Botties learn important lessons about themselves including self-confidence, courage, loyalty, patience, humility and pride but they also learn the importance of perseverance, teamwork and embracing their differences to overcome obstacles.
