| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The main objective of the 104 live action and 2D digital segments is to show curious young viewers how everyday objects are designed and made. The series was filmed on location in Europe and North America in factories, workshops, and food plants. Each segment opens with an item to be investigated, followed by the two hosts, "Gear" and "Wiz", taking off on a voyage of discovery to understand the workings of the item and reveal the secrets behind how it is made. The series aims to educate children about the workings of everyday objects and to introduce children to the many fascinating objects around them. |
