Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program explores the marine ecosystem from tributaries, rivers, and oceans. Viewers will develop an understanding that we are "key" in preserving the ocean environment. Aqua Kids teaches about the diversity and beauty of the marine environment and its potential destruction by pollution and carelessness of the human population, such as marine mammals dying from the ingestion of plastic, and toxic waste in our waterways, which can destroy the habitat and marine life. By showing the audience the problems they encounter, the Aqua Kids educate their peers on what can be done to solve environmental dilemmas. This program aired on the station's secondary digital stream; 47.2.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Hosted by Pat Summerall, this program takes viewers coast-to-coast and in-depth with the brightest young athletes in sports. The series profiles high school athletes who have overcome personal adversity to pursue their dreams. The athletes are recognized for their classroom achievements, as well as their contributions in extracurricular activities. The importance of dedication, discipline, commitment to academics and community involvement are spotlighted as part of the athletes' success. The stories strive to inspire viewers to pursue knowledge and a healthy, active lifestyle, despite any personal difficulties. This program aired on the station's third digital stream, 47.3.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This series stresses the importance of learning about the environment and how to protect it. The episodes showcase the innovative ways people make new products and create sources of energy, all while saving money. New scientific discoveries and their practical applications are examined to show teen viewers how easy it can be to reduce wasteful consumption, recycle different products, improve the viewers' quality of life, and improve the environment. Viewers are challenged to engage in critical thinking about the ecosystem, and to choose sensible and economical approaches to protecting it. This program aired on the station's third digital stream; 47.3.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Supported by a team of Georgia Aquarium biologists, veterinarians and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays pointing out that their body form was the inspiration for the design of the stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet as well as how sea life connects to life on the rest of the globe. This program aired on the station's third digital stream; 47.3.

Program Title	Ocean Mysteries	
Origination	Network	
Days/Times Program Regularly Scheduled	Saturday: 1/2-3/26/16, 11:00am	
Total times aired at regularly scheduled time	13	
Length of Program	30 mins	
Age of Target Child Audience from	13 years to 16 years	
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Supported by a team of Georgia Aquarium biologists, veterinarians and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays pointing out that their body form was the inspiration for the design of the stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet as well as how sea life connects to life on the rest of the globe. This program will air on the station's third digital stream; 47.3.
