| Digital Core              | Question   |                              |               | Response |  |
| Programming               | State the average number of hours of Core Programming per week broadcast by the station on its main program stream   |                              |               | 3.0      |  |
|                           | State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream   |                              |               | 168.0    |  |
|                           | State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:   |                              |               | 3.0      |  |
|                           | Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673? |                              |               | Yes      |  |
|                           | Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program           |                              |               | Yes      |  |

stream) did not consist of program episodes that had already aired within the previous seven days either on the

station's main program stream or on another of the station's free digital program streams?

| Age of Target<br>Child Audience  | 13 years to 16 years  |
| Describe the<br>educational and<br>informational<br>objective of the<br>program and<br>how it meets the<br>definition of<br>Core<br>Programming. | A 2012 Emmy nominee for "Outstanding Children's Series," the world's cultures and its geographical divides are brought to life as world explorer Richard Wiese takes viewers on globetrotting, hands-on explorations. As former President of the Explorer's Club in Manhattan and Registered Climbing Guide for teens at The Museum of Natural History, Richard is the ultimate Social Studies teacher and Weekend Adventure's real life Indiana Jones. Whether he climbs Mount Kilimanjaro, explores why people live at the base of an active volcano or travels down the Nile River, an African life source, 13 to 16 year old viewers will travel the world without leaving their homes. |

| Describe the<br>educational and<br>informational<br>objective of the<br>program and how it<br>meets the definition<br>of Core<br>Programming. | Hosted by Sam Champion, Sea Rescue features the rescue, rehabilitation and - in many instances - release of wildlife back into the ocean. In demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals, Sea Rescue will leave its audience inspired by real-life stories and with a fuller understanding of the rich array of sea life with which we share our planet. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology! |

| Describe the<br>educational and<br>informational<br>objective of the<br>program and<br>how it meets the<br>definition of Core<br>Programming. | This is a live action, half-hour television program designed to meet the educational and informational needs of children. Produced for ages 13-16, this educational and informational program is hosted by wildlife expert Tim Faulkner. Viewers will be provided an eye-opening experience as Tim, animal expert and wildlife park operations manager, showcases the beauty and wonder of the natural world. Audiences will be brought closer to the natural world as Tim explores the habitats and adventures of creatures of all sizes, including a giant Galapagos tortoise, a baby wombat, the flying fox, and even a newly discovered species of birds. |
