Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	4.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Digital Core Program (1 of 16)	Response
Program Title	Aqua Kids
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sundays 11:30-12N
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	- This program explores the marine ecosystem from tributaries, rivers, and oceans. Viewers will develop an understanding that we are "key" in preserving the ocean environment. Aqua Kids teaches about the diversity and beauty of the marine environment and its potential destruction by pollution and carelessness of the human population, such as marine mammals dying from the ingestion of plastic, and toxic waste in our waterways, which can destroy the habitat and marine life. By showing the audience the problems they encounter, the Aqua Kids educate their peers on what can be done to solve environmental dilemmas. This program airs on the station's main digital channel.

Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program chooses a region, special adaptations animals have made, or a specific animal, and uses a top ten countdown. From a safari in Botswana, to a dude ranch in Montana, to a retirement home for horses, Jack counts down 10 incredible experiences. He also explores wild and rare animals in Australia such as dingoes, devils and cassowaries. For animal adaptation, Jack travels from the Arctic to the desert, picking ten animals that have made special adaptations to survive in the harsh environment. This program informs the viewer about animals and their habitat, which can lead the viewer to discussions regarding the environment and conservation. This program airs on the station's main digital channel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Supported by a team of Georgia Aquarium biologists, veterinarians, and other experts, Jeff Corwin travels the world to explore the Earth's least understood resource, our oceans and waterways and the animals which call them home. He swims with manta rays, pointing out that their body form was the inspiration for the design of the Stealth jet. While in the water with whale sharks, he takes samples of their blood to better understand their biology. As Jeff continues his journey through each episode, the viewer is able to connect with these animals and learn how important they are to all life on the planet, as well as how sea life connects to life on the rest of the globe. This program airs on the station's main digital channel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program airs on the station's tertiary digital 9.3 channel.

Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each episode of Dog Tales profiles a breed of dog; its history, popularity and characteristics. Viewers will learn the differences in dogs and how those differences affect their lives. Viewers are shown families who own particular breeds, how they interact with their dogs, and how they are a valuable part of the family. Several dog experts explain the various dogs' needs, health, nutrition requirements, safety, and care. This program will air on the station's tertiary digital 9.3 channel.

Program Title	Think Big
Origination	Syndicated

Days/Times Program Regularly Scheduled	Sundays 12:30-1:00pm
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Think Big is a kid-hosted entertaining series for young people that follows the world's most innovative kids as they create and invent new toys, games, learning tools, websites, and modes of transportation. The program features top kid inventors who face off against one another in an Invent-Off to see who can come up with the most innovative and creative invention. In each episode, two teams brainstorm, choose materials, and sketch and design their idea. Once completed, the inventions are then judged. This program allows kids to showcase their skills in creativity, science, innovation, marketing and teamwork. This program will air on the station's tertiary digital 9.3 channel.
