| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Eco Company explores all aspects of being "green" and understanding how our actions impact the world. The E-Co team find out about global warming by asking questions to discover the truths and myths of the global warming issue. They learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally each week the show will provide practical tips that teens, and people of all ages can use in their daily lives. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. It is 30 minutes in length and is identified as an educational and informational show, targeted to 13 to 16 year olds, at the beginning of each broadcast and in listings provided to publishers of program guides. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | <p>MLB Player Poll will serve the educational and informational needs of teenagers by providing insight into the opinions and perspectives of Major League Baseball players. Specifically, the 2012 season of MLB Player Poll will educate young viewers on how the game of baseball is played and provide instructions regarding the techniques that successful players use. The show will also glean insight into players' preferences in areas outside of baseball with topics like "What Career Interests You After You Retire from Baseball?," or "What Is Your Favorite City To Play In?" or "What Player From History Would You Most Like To Watch/Play For/Play Against?" In addition, MLB Player Poll will provide examples of healthy debate, expressing an opinion using supporting evidence and analyzing statistics to confirm or refute a previous held belief. The results of the poll question that will serve as the heart of each episode will be represented graphically using traditional charts and graphs in a manner designed to help teenagers process similar information they will encounter in newspapers, magazines and textbooks. Finally, the emphasis on physical education in each episode of MLB Player Poll will inspire young viewers to get off the couch, go outside and exercise. MLB Productions, with continued guidance and advice from NASPE (National Association for Sport and Physical Education), will strive to make every episode of MLB Player Poll meet the FCC's E/I standards for young adult programming. The program is regularly scheduled and airs between the hours of 7:00 am and 10:00 pm. The program is 30 minutes in length, and is identified as an educational and informational show, targeted to teens (13-16 year olds), at the beginning and through each broadcast and in listings provided to publishers of program guides.</p> |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | "Now Eat This! with Rocco DiSpirito" is chef Rocco DiSpirito's new E/I show, dedicated to helping teens and families eat better, and live healthier lives, without sacrificing flavor. Rocco has two passions in life: family and food. He knows that the pressures of modern life make it harder for families to stay whole and eat wisely. Drawing from his own real life experiences, Rocco is determined to bring families back together over a delicious, healthy meal. Each 30-minute episode is focused on an individual, or a family, and their issues related to food and health. Examples include guests and families struggling with weight issues; trying to feed budding athletes; eating right on a budget; fighting serious health issues like diabetes; simply desiring to live a healthier life. Through the course of each episode, Rocco teaches the guest(s) and viewers important information about food and nutrition, guiding them to make better choices with the food they eat. In the process, they'll learn to cook, Rocco style. Fun and entertaining, and loaded with valuable takeaway information. Each episode ends with a renewed sense of purpose, and a commitment to change for the better. |

They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally each week the show will provide practical tips that teens, and people of all ages can use in their daily lives. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. It is 30 minutes in length and is identified as an educational and informational show, targeted to 13 to 16 year olds, at the beginning of each broadcast and in listings provided to publishers of program guides. |
