Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C. F.R. Section 73.671, NOTES 2 and 3.	<p>WDEF TV aired various youth oriented PSAs during the first quarter. A complete listing of the PSAs which aired is located in the public file. WDEF and BiLo Supermarkets sponsor a program called, Golden Apple Awards. Students were asked to nominate a teacher who has had a positive influence and helped motivate them to learn. From the submissions, a teacher is chosen each week and featured during our 6pm newscast highlighting the individual teacher and their teaching methods which sets them apart. This program runs through the school year September to May. At the close of the school year, a banquet for the weekly winners and their principals is held honoring the recipients. WDEF also sponsors WEATHER IN THE CLASSROOM. One of the station meteorologists visits area classrooms and gives an age appropriate presentation on the basics of weather and how to develop a daily forecast and long range forecast for the area. At the end of the presentation, a Q &amp; A session is held. Some of the schools visited during this past quarter included, Stone Creek Elementary, Brookwood Elementary, North Lafayette Elementary, Griffith Elementary and Chattanooga Valley Middle School. Another feature involving students, teachers, schools and members of the community is a segment called WHATS RIGHT WITH OUR SCHOOLS. Again, not only students and teachers but members of the community are encourage to let us know of special programs and or events connected to the schools/community that presents the many positive things happening in our area. Some of the things that were featured was a SEQUATCHIE COUNTY BOOT CAMP WHICH TURNS AROUND LIVES OF TEENS. Another project featured was that of the 3rd Graders at Westview Elementary School who have spent about two months creating their own works of non-fiction developing their own book which is encouraging them to become better writers. Yet another program designed to expose children to another educational experience is KIDCASTER. Kids are encouraged to write in telling why they would like to be chosen as a kidcaster for the day. Each week, a student between 8 and 13 years of age is selected to come to the WDEF Studio, go on a behind the scenes tour and then pull together a forecast with the help of our meteorolgist and present the forecast on the air. Kids love the whole experience of being in a TV station and actually going on the air. This education experience does much to build the students self confidence.</p>
