Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	840.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	69.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Digital Core Program (1 of 42)	Response
Program Title	Zula Patrol E/I
Origination	Network
Days/Times Program Regularly Scheduled	Fridays / January 1st - March 31st / 8:00 am ET/PT or 7:00 am CT/MT
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	6 years to 10 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Based on the book series by Deborah Manchester, The Zula Patrol teaches science and astronomy facts to a target audience of children 6 to 10 years of age. The Zula Patrol is a group of six animated aliens, headed by Captain Bula, who carry out a variety of scientific space missions. During their missions, Captain Bula and his crew often encounter their foe, Dark Truder, and his minion, Traxie, who are trying to take over the universe. Over the course of the story, the audience learns different facts about specific space topics such as stars, planets, orbits, moons, asteroids, comets, gravity, and space probes. The information is then highlighted during a segment where crew member Professor Multo delivers his Multo Moments or summary of scientific facts from the story. Typically, the stories also provide a social emotional tag based on tolerance and non violent conflict resolution.
Does the Licensee identify the program by displaying throughout the program the symbol E /I?	Yes

Digital Core Program (2 of 42)	Response
Program Title	Guess with Jess E/I
Origination	Network
Days/Times Program Regularly Scheduled	Fridays / January 1st - March 31st / 8:30 am ET/PT or 7:30 am CT/MT
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	4 years to 8 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animated barnyard animals encounter everyday situations that raise a "question of the day." Their problem solving is similar to the standard scientific inquiry "asking, testing, and finding a way." The characters focus is on science and nature teaching the program's preschool audience about the world and about how to go about answering everyday questions. The series carefully builds the child viewer's knowledge by offering a question and then little by little adding to the information necessary to answer that question.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This is an animated series about a 5 year old boy whose best friends are a bucket filled with dinosaur toys. No one except the boy can hear them. In each episode Harry encounters a dilemma or challenge and finds his answers in Dinoworld. It is here far from the real world that Harry learns to conquer challenges in a positive way and the importance of team work and friendship. Being part of a team means exchanging ideas and actions and working thru problems together which is the series main learning goal.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Babar, based on the books by Laurent de Brunhoff, is an animated show about a young orphaned elephant who finds the strength to rise above the challenges he faces, including the death of his parents, as he journeys through life. Each episode of the show develops a social emotional message such as taking responsibility, being patient and persistent in hard work, respecting people's privacy, learning to cope with unforeseen changes, and being honest. These messages emerge from the need to resolve a dilemma that is faced by Babar, one of his friends or family members.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Inspired by children's everyday life, Dragon is an animated show based on the book series of the same name by author and illustrator, Dave Pilkey. The show follows a little blue dragon as he faces everyday issues. Using a simple and direct approach to life, Dragon learns new information and develops new skills primarily through trial and error. Dragon is friendly and helpful, but he tends to see things from a unique perspective and sometimes that leads to trouble. As each story unfolds, the audience learns to see things in different ways, much like Dragon, and they learn how to problem solve through ordinary challenges. Dragon shows how to take care of a pet, make new friends, or how to find the right hobby.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Set in medieval times, Jane and the Dragon is an animated show based on Martin Baynton's best selling book about a middle class medieval girl named Jane. Jane is raised in the Royal Court as a Knight in Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses her analytical ability to illustrate how a problem can be made less complicated and easily solved.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each live action episode takes place in the kitchen of the two main characters. It's a cooking show for 7 to 10 year olds where the characters learn about food by exploring where it come from, what it smells like and what it does to or for the body. The program is high energy with bright colors, lively music along with visual effects all of which are important for keeping the audience focused and entertained. While each episode contains a loose "story arch," they are essentially created to pass along fun, interesting and important food facts. The primary focus of each program is to remind children to "think about food" by presenting recipes and encouragement to eat healthfully.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Turbo Dogs is an animated show based on the books, Racer Dogs, by Bob Kolar. The series follows a group of six dogs from Racerville who love to compete with one another in races. In each story, one or more of the dogs encounter and solve problems that teach them social emotional lessons on good sportsmanship, teamwork, cooperation, playing fair, and friendship. The show also imparts information on the mechanics of racing such as directionality and concepts of distance and time. The social emotional messages are embedded through the stories using action and humor. The tags at the end of each episode reiterate and establish the educational message learned by the dogs.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Willa's Wild Life, based on the book An Octopus Followed Me Home, by Dan Yaccarino, is an animated series centered on a six year old girl and her menagerie of animals. Willa lives at home with her father and pets, an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence, and become altruistic. With help from her animal friends, Willa figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the cool group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa finds a way to analyze her situation and learn from experience.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Pearlie is an animated comedy series based on the children's book series, Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, light hearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. Aimed for an audience within the 6 to 10 year old range, episodes focus on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin, Saphira, often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, Pearlie approaches new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order.

Length of Program	30 mins
Age of Target Child Audience	6 years to 10 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Based on the book series by Deborah Manchester, The Zula Patrol teaches science and astronomy facts to a target audience of children 6 to 10 years of age. The Zula Patrol is a group of six animated aliens, headed by Captain Bula, who carry out a variety of scientific space missions. During their missions, Captain Bula and his crew often encounter their foe, Dark Truder, and his minion, Traxie, who are trying to take over the universe. Over the course of the story, the audience learns different facts about specific space topics such as stars, planets, orbits, moons, asteroids, comets, gravity, and space probes. The information is then highlighted during a segment where crew member Professor Multo delivers his Multo Moments or summary of scientific facts from the story. Typically, the stories also provide a social emotional tag based on tolerance and non violent conflict resolution.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Set in medieval times, Jane and the Dragon is an animated show based on Martin Baynton's best selling book about a middle class medieval girl named Jane. Jane is raised in the Royal Court as a Knight in Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses her analytical ability to illustrate how a problem can be made less complicated and easily solved.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas provides visual information from original and detailed footage of animals. The fast moving clips of a variety of species allows viewers to compare and contrast differing physiologies and habitats. The animal subjects are presented as they move informally and comfortably through their living activities, and the narration is well informed and unobtrusive. The program uses an interactive segment with multiple choice questions about the animals covered. These questions have just the right level of engagement and are a worthwhile component of the program. The program's constant reinforcement of species differentiation will facilitate learning for young people between the ages of 13 to 16.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The primary educational goal of the series is to present world geography information in a manner that is appealing to and comprehensible by children between the ages of 10 to 12 years old. Each episode is designed to take the action to at least two places on our planet and provide the viewers with some information about each place. Additionally, each episode has a secondary topic designed to fit with the narrative, the focus of which may be culture, history, art, music, science, technology, or the like. The program provides the right balance of entertainment and information, and the information emerges as a natural part of the progression of the story rather than as a series of interruptions.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each live action episode takes place in the kitchen of the two main characters. It's a cooking show for 7 to 10 year olds where the characters learn about food by exploring where it come from, what it smells like and what it does to or for the body. The program is high energy with bright colors, lively music along with visual effects all of which are important for keeping the audience focused and entertained. While each episode contains a loose "story arch," they are essentially created to pass along fun, interesting and important food facts. The primary focus of each program is to remind children to "think about food" by presenting recipes and encouragement to eat healthfully.

Length of Program	30 mins
Age of Target Child Audience from	4 years to 8 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Inspired by children's everyday life, Dragon is an animated show based on the book series of the same name by author and illustrator, Dave Pilkey. The show follows a little blue dragon as he faces everyday issues. Using a simple and direct approach to life, Dragon learns new information and develops new skills primarily through trial and error. Dragon is friendly and helpful, but he tends to see things from a unique perspective and sometimes that leads to trouble. As each story unfolds, the audience learns to see things in different ways, much like Dragon, and they learn how to problem solve through ordinary challenges. Dragon shows how to take care of a pet, make new friends, or how to find the right hobby.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Set in medieval times, Jane and the Dragon is an animated show based on Martin Baynton's best selling book about a middle class medieval girl named Jane. Jane is raised in the Royal Court as a Knight in Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem solving skills and requires her to demonstrate her strength of character as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses her analytical ability to illustrate how a problem can be made less complicated and easily solved.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Willa's Wild Life, based on the book An Octopus Followed Me Home, by Dan Yaccarino, is an animated series centered on a six year old girl and her menagerie of animals. Willa lives at home with her father and pets, an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence, and become altruistic. With help from her animal friends, Willa figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the cool group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa finds a way to analyze her situation and learn from experience.

Age of Target Child Audience from	6 years to 10 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Pearlie is an animated comedy series based on the children's book series, Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, light hearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. Aimed for an audience within the 6 to 10 year old range, episodes focus on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters to keep Jubilee Park in sparkling order, she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin, Saphira, often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, Pearlie approaches new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order.

Length of Program	30 mins
Age of Target Child Audience from	6 years to 10 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Based on the book series by Deborah Manchester, The Zula Patrol teaches science and astronomy facts to a target audience of children 6 to 10 years of age. The Zula Patrol is a group of six animated aliens, headed by Captain Bula, who carry out a variety of scientific space missions. During their missions, Captain Bula and his crew often encounter their foe, Dark Truder, and his minion, Traxie, who are trying to take over the universe. Over the course of the story, the audience learns different facts about specific space topics such as stars, planets, orbits, moons, asteroids, comets, gravity, and space probes. The information is then highlighted during a segment where crew member Professor Multo delivers his Multo Moments or summary of scientific facts from the story. Typically, the stories also provide a social emotional tag based on tolerance and non violent conflict resolution.

Origination	Network
Days/Times Program Regularly Scheduled	Saturdays / 11:30 am ET
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas provides visual information from original and detailed footage of animals. The fast moving clips of a variety of species allows viewers to compare and contrast differing physiologies and habitats. The animal subjects are presented as they move informally and comfortably through their living activities, and the narration is well informed and unobtrusive. The program uses an interactive segment with multiple choice questions about the animals covered. These questions have just the right level of engagement and are a worthwhile component of the program. The program's constant reinforcement of species differentiation will facilitate learning for young people between the ages of 13 to 16.
