Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	12.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	0.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	0.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Digital Core Program (1 of 13)	Response
Program Title	Jack Hanna's Into the Wild
Origination	Network
Days/Times Program Regularly Scheduled	Saturday and Sunday at 7:00 a.m.
Total times aired at regularly scheduled time	26
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Jack Hanna's INTO THE WILD program is based around Jack traveling the world with his friends and family, taking the viewer to his favorite destinations and introducing them to new and amazing creatures each week. Throughout Jack's travels he raises awareness of different cultures, geography and spectacular animals and animal facts, while teaching children the importance of stewardship of our environment through his documented donations to conservation efforts worldwide. The episodic content will certainly further the educational, informational needs of children 13-16 years of age. INTO THE WILD's emphasis on the visual dovetails with the disposition towards visual learning that is evident in children of all ages, but particularly in the early teen years. The program topic is suitable for both the secondary classroom and general teen audience with content addressing several academic outcomes designated by both state and national life science standards. Shot from a number of photographic perspectives, the viewer is introduced to the biodiversity of the area, how animals are adapted to the environment and the changes humans have imposed on the environment as well as the positive impact of local conservation efforts in the region. While Jack Hanna introduces the habitat and the wildlife, regional guides are given the expert status and the viewer becomes engaged in the natural environment with the same enthusiasm as Jack's family. Combining data-oriented scientific information with concern for the conservation status of wildlife and the environment enforces the educational value and impact of the program.

Program Title	Aqua Kids
Origination	Network
Days/Times Program Regularly Scheduled	Monday 7:30 a.m.
Total times aired at regularly scheduled time	13
Total times aired	
Number of Preemptions	0
Number of Preemptions for other than Breaking News	
Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	8 years to 14 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	<p>The "Aqua Kids" have their sights set on saving the oceans of the world. Pollution and abuse of these natural resources are taking their toll. Entire species of fish have disappeared, marine mammals are dying from ingesting plastic, and toxic waste in our waterways is destroying habitat and marine life. The "Aqua Kids" will be looking for adventure and knowledge, and along the way, tackle some ecological dilemmas. This group of knowledge-seeking kids will start right in their own backyards, beginning with local streams that eventually lead to the oceans of the world. By pointing out the problems they encounter, they hope to educate their peers on what they can do to solve these environmental dilemmas. In most cases, it is not too late to change the tide of destruction.</p>
