Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	In accordance with the 1990 Children's Television Act, intended to increase educational and informational programming for children on television, BETA Records TV clearly meets the goals of providing children with a television show that meets CORE requirements of the FCC as follows: 1. Making choices in life is an ongoing subject. A challenge faced by all teens in this category. 2. Provides a good impetus for teens committing to their music education-giving them the ability to get scholarships, and a good positive medium for reaching their career goals. 3. Makes teens aware of past and present music history. 4. Hosts interview up and coming musical artists about their music aspirations-emphasizing their education showing teens how they can make their own voices heard. 5. Attributes and advice, emphasized by the hosts and their guests, instill a grounded balance of priorities, commitment and perseverance that teens can apply to their lives.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Atlas is an entertaining and educational half-hour wildlife program shot exclusively in High Definition. The show introduces young viewers to every kind of animal imaginable, from the familiar to the astounding, including apes and giant lizards, sharks and tigers, and all other animals from the Americas, Africa, Asia, Australia, and everywhere in between. Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals-whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, viewers discover the variety of places that animals live, how they find food, and how they play. The show also looks at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, adaptation, and how animals take care of their young. Along the way, Animal Atlas educates young viewers about endangered species and provides information on how to support wildlife conservation. For a population of young viewers attuned to the importance of going "green," Animal Atlas is not only entertaining, it's culturally relevant and important. Animal Atlas offers an incredible and wildly entertaining adventure through the animal world. Learning about animals has never been more fun! Just spin the globe. Anywhere, everywhere animals live, you'll find Animal Atlas.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	The station did not broadcast analog this quarter. The license's response to Question 7 (b) therefore assumes that the station's current main program stream serves as the equivalent to the station's former analog channel. After due review of station records and documentation to us by program suppliers, the licensee certifies that the station has fully complied at 47.C.F.R. Section 73.670 with respect to all programs specifically designed for children ages 12 and under that were not "educational or informational."
