Age of Target Child Audience	2 years to 6 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mama Mirabelle's Home Movies is designed to promote preschool children's appreciation and understanding of animal life and to foster their recognition of ways in which animal and human experiences are similar and different. For ages 2-6, the series has four educational and informational goals: (1) to foster understanding of animal customs and behaviors, (2) to encourage reflection on similarities and differences between their own lives and the animals' lives, (3) to introduce preschool children to an array of different animals in the kingdom and enrich their ability to describe and communicate about them and (4) to motivate preschool children to appreciate the wonder and beauty of animals and animal life. In each episode, children will be immersed in a topic that will be the basis of a compelling story with a problem and resolution. Sample topics include: grooming habits, communication, caring for the young, eating habits, shelter, etc. Children will leave the episode with a simple, clear understanding of how this topic can play out in the animal world. They will be exposed to a variety of situations/customs that will invite them to consider how this topic plays out in their own lives and what it means to them, e.g., what does shelter mean to me? How do I deal with cold weather? How do I communicate? etc.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Are We There Yet? World Adventure is a global adventure series for kids by kids, hosted by very real brother and sister duos. Through journal entries, crayon-drawn travel logs, on-location kid chatter, and voice narration the hosts explore a world of playground-inspired adventures as they celebrate familiar childhood themes and experiences in some truly unfamiliar locations across the globe. For ages 4-8, the series has several educational and informational goals: (1) to teach basic geography and historical context of well-known world sights (2) to develop appreciation for and encourage reflection on similarities and differences between cultures (3) to reinforce the notion that we are all part of one big world, no matter how far away we are and (4) to inspire a sense of world exploration and adventure. The kid hosts bring viewers along on their unscripted adventures that embrace our cultural similarities and delight in our differences. In each episode our hosts visit a manmade or natural wonder, have an adventure involving animals, and learn about a new culture by visiting with local kids from different countries around the world.
