Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This adventure series will capture the interest of children because of the draw of pirates. Kids are enthralled with pirates because they are put in dangerous situations to always recover the missing treasure. The series has it all: villains, monsters, treasure maps, dangerous seas, and always a BIG problem to solve. The two groups, who have gone to Blackbeard Academy, are believable and fun. There is just enough humor to keep interest high. Woven into each plot there is a problem to solve and although the participants are pirates, they choose good over evil. They help people, even the group that they are in competition with. Their purpose is to restore good. They do not believe in cheating and respect the laws of the sea. Through teamwork and co-operation they solve the problem that is put in front of them. They are brave and generous and fight against greed.
