KELO-TV's main digital stream is a CBS affiliate. The 2nd digital stream is a MyNetwork TV affiliate. The station no longer has an analog channel. The licensee's response to 7(b) therefore assumes that the station's current main program stream serves as the equivalent to the station's former analog channel. After due review of internal station records and documentation provided to us by program suppliers, the licensee hereby certifies that the station fully complied with the FCC's commercial limits in children's programs, as specified at 47 C.F.R. Section 73.670, with respect to all programs specifically designed for children ages twelve and under. KELO-LAND TV has placed 26 weather forecasting and measurement instruments in area schools. The systems include curriculum on CD-ROM for school students. Information from these is used during our newscasts making mention of the school location we are using. The first 8 systems were donated by KELO-LAND TV. Additional systems are purchased by the schools or donated by area businesses. KELO-LAND TV also has a weather net van. The Live Doppler Weather Net Van, Dorothy, is a weather station on wheels. The Live Doppler HD Weather Team goes to schools and organizations all over KELO-LAND to help students and viewers understand weather. They demonstrate how our weather team works together with each other and state-of-the-art technology to keep viewers informed. Along with the Live Doppler HD Weather Net Van, the weather team put together a school curriculum to assist teachers in educating students about weather. Following is a list of appearances made by Dorothy this quarter.
