Number of Preemptions Rescheduled	
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Young, enthusiastic and passionate about food, Claire Thomas is the 22-year-old host who opens viewers' eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly-half hour, produced for ages 13-16, informs and educates teens about the power of food as a tool for exploring new places, meeting new people and learning about different cultures. Claire serves as a role model for 13-16 year old viewers by showing her passion for her family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time - sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude towards food and life.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Inspired by the beloved works of best-selling children's author Richard Scarry, Busytown Mysteries brings the popular adventures of Busytown to preschoolers with an educational, problem-solving twist. Children can follow classic characters such as Huckle, Sally and Lowly as they scour Busytown on fun-filled adventures looking for answers to life's puzzles. Each episode focuses on fostering viewers' problem solving abilities, as the characters use their skills of observation to collect facts, draw inferences from those facts, and ultimately reach conclusions. Each episode also develops vocabulary through words and concepts that are part of the episode's overall theme. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules.

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chat Room is a half-hour weekly educational series designed to inform, educate, and entertain children 16 and under, with a specific target audience of 13 to 16, through reenacting teen oriented dilemmas and discussing them in an open and honest format. More than any other group, teens are on the front lines of dealing with complex subjects as they stand at the crossroads between childhood and adulthood. Chat Room may not have all the answers but it offers a place where young people can watch and discuss the problems they face. Chat Room provides a compelling look at real-life situations that happen to today's teens as dramatized by teen actors. Our adult host and teen panel then discuss the issues presented in a direct and forthright manner. This program is not intended to be preachy or pedantic. The goal is to present issues that are real and raw and discuss the pros and cons of each situation in a free-flowing environment.

<p>Describe the educational and informational objective of the program and how it meets the definition of Core Programming.</p>	<p>This educational informational weekly series showcases how and why movies are made, including behind the scenes filmmaking and special effects techniques, in addition to introducing teenagers to career opportunities within the motion picture industry. It is during the adolescent years that career exploration, planning, education, and decision making begins. There is no question that a career in one of the multimedia industries is among the most popular career choices of adolescents. Although many feel their calling is for a more obvious on camera career in acting, there are also a number of behind the screen pursuits that make for fulfilling career choices. This program was created to provide information and advice from top Hollywood professionals to 13 to 16 year old viewers so they can explore and learn about the technical, artistic, creative, business, and administrative careers that are a part of the motion picture, television, music video, and home entertainment industries.</p>

Age of Target Child Audience from	13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The half-hour weekly series, Ocean Mysteries, offers a fresh approach to the quest for aquatic understanding by blending stories of fascinating sea creatures, comparisons to popular land animals, and analogies to human experience. Hosted by Jeff Corwin, Ocean Mysteries is produced for ages 13-16 and beyond by showing how animals share the same behaviors, challenges and triumphs that humans do. From exciting rescues of abandoned animals to unexpected conflicts in the 'family dynamics' of the mingling species, viewers will get to know and care about these heroes, and all of the fascinating life teeming in our oceans.

Age of Target Child Audience from 13 years to 16 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming. Young, enthusiastic and passionate about food, Claire Thomas is the 22-year-old host who opens viewers' eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly-half hour, produced for ages 13-16, informs and educates teens about the power of food as a tool for exploring new places, meeting new people and learning about different cultures. Claire serves as a role model for 13-16 year old viewers by showing her passion for her family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time - sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude towards food and life.

Days/Times Program Regularly Scheduled	Saturdays 12-12:30 PM ET
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Chat Room is a half-hour weekly educational series designed to inform, educate, and entertain children 16 and under, with a specific target audience of 13 to 16, through reenacting teen oriented dilemmas and discussing them in an open and honest format. More than any other group, teens are on the front lines of dealing with complex subjects as they stand at the crossroads between childhood and adulthood. Chat Room may not have all the answers but it offers a place where young people can watch and discuss the problems they face. Chat Room provides a compelling look at real-life situations that happen to today's teens as dramatized by teen actors. Our adult host and teen panel then discuss the issues presented in a direct and forthright manner. This program is not intended to be preachy or pedantic. The goal is to present issues that are real and raw and discuss the pros and cons of each situation in a free-flowing environment.

Program Title	Made in Hollywood Teen Edition (D3)
Origination	Syndicated
Days/Times Program Regularly Scheduled	Sundays 12:30 - 1 PM ET

---

Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This educational informational weekly series showcases how and why movies are made, including behind the scenes filmmaking and special effects techniques, in addition to introducing teenagers to career opportunities within the motion picture industry. It is during the adolescent years that career exploration, planning, education, and decision making begins. There is no question that a career in one of the multimedia industries is among the most popular career choices of adolescents. Although many feel their calling is for a more obvious on camera career in acting, there are also a number of behind the screen pursuits that make for fulfilling career choices. This program was created to provide information and advice from top Hollywood professionals to 13 to 16 year old viewers so they can explore and learn about the technical, artistic, creative, business, and administrative careers that are a part of the motion picture, television, music video, and home entertainment industries.
