| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | TURBO DOGS is a show about six canine friends Dash, GT, Clutch, Stinkbert, Strut, and Mags who have their own distinct characteristics but share a common love of racing cars. The fastest dogs in Racerville, the Turbo Dogs often compete with one another in races. The dogs each have their own racers, which they maintain regularly, and that are equipped with individual GPS systems to help and guide them. Each story begins with one of the Turbo Dogs encountering a problem that must be resolved while preparing to compete. Usually, the Turbo Dog learns his/her lesson through experience and accountability for negative behavior. Social emotional messages about sportsmanship, teamwork, cooperation, and fairness developed in the story are emphasized in a separate tag at the end of each episode. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | SHELLDON is an animated series that takes place in Shell Land, a mythical undersea world populated by characters from a wide array of water-dwelling species. The main character, Shelldon, is an orphaned yoka shell mollusk adopted by the Clam family and living with them in the family-owned Charming Clam Inn. Dr. Shell, an elder and venerated inventor, and Connie, a cowry shell classmate of Shelldon's also live at the inn. Shelldon and his buddies, Herman (a Hermit crab) and Connie, always work together and solve problems that they face in school or in the community. A recurring problem is to staunch the plans of the local millionaire, Cecil Cracken, whose greed puts making money over protecting the environment. Dr. Shell is typically the children's key provider of knowledge and other resources. In each episode, the children learn a significant social-emotional lesson and also share information relating to their ocean habitat and environmental protection. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | THE MAGIC SCHOOL BUS is a show that features the most adventuresome teacher on the planet Ms. Frizzle and her group of students who dutifully follow her approach to education by taking magical field trips to learn about anything that interests her or them. All the students are curious but with each one there is often a personal problem that needs solving and the field trip has a way of dovetailing with the personal challenge to get everything all worked out. The class has been on 52 field trips traveling in a magic bus that can transform its shape and power source so it can travel through any environment from the bottom of the ocean to outermost space. Ms. Frizzle can handle it all from driving the bus navigating unfamiliar terrain, to guiding the children's learning through inquiry. She is undeterred and rarely discouraged and expects no less from her students. Ms. Frizzle is amazingly understanding and permissive in her approach and the children are ambitiously curious about the world as a result. It's not just the bus that's magic. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Based on the books by Laurent de Brunhoff, BABAR is an animated show about a young orphaned elephant who finds the strength to rise above the challenges he faces, including the death of his parents, as he journeys through life. Each episode of the show develops a social-emotional message such as taking responsibility, being patient and persistent in hard work, respecting peoples privacy, learning to cope with unforeseen changes, and being honest. These messages emerge from the need to resolve a dilemma that is faced by Babar, one of his friends or family members. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | WILLA'S WILD LIFE is an animated series featuring a six-year-old girl, Willa, who is permitted to share her home with an ever-growing menagerie of animals-- an elephant, a giraffe, a pair of performing seals, a bear, three penguins, and lots of rabbits. These creatures speak to Willa, offering her advice and friendship from each of their respective points of view. In each episode, Willa faces a challenge at home, in school or in her neighborhood. Her animals and best friend Dooley help her develop solutions to overcome each challenge. With the support of Dooley, the animals and praise from her dad, Willa finds ways to maintain healthy friendships, experience success, develop competence, and become altruistic. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | PEARLIE recounts the weekly escapades of an optimistic, amiable fairy who has been appointed by Fairy HQ to maintain order in Jubilee Park. She lives among a dozen assorted characters, including her fairy best friends, Opal and Jasper, a garden elf, a wood nymph, possum, bats, other fairies, rats, a small colony of fleas, a lizard and her arch rival, Saphira, who is also her fairy cousin. While Pearlle is very likable, she is a bit of a busy body who likes to arrange things according to over ambitious plans that ultimately get her in trouble. She gets along with everyone so, ultimately, every problem is solved and Pearlle learns a lesson. However, her greatest challenges are usually presented by her one enemy, the bully and diva Saphira. Fortunately, Pearlle rises to Saphira's challenges, not with meanness, but by outwitting her. Overall, learning is a constant process for Pearlle because she has big responsibilities, taking care of an entire little community, but she is indomitable and tenacious and ends up preserving order and happiness in Jubilee Park. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Virus Attack is a series that depicts pollution as DNA infected by viruses, which are infecting a city with the sole purpose of destroying it. The three main characters, David, Alice, and George represent the anti-viruses who are trying to help. David has become the power to ward off the evil viruses. His father, Professor Amaldi, has devoted his life to finding a solution to the evil gene of wickedness. The series shows elements of courage, friendship, and problem solving. In addition, Virus Attack conveys the message that adults have a responsibility to care for the younger members of society because it is the right thing to do. The series makes it clear: parents should be involved with their children. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | TURBO DOGS is a show about six canine friends, Dash, GT, Clutch, Stinkbert, Strut, and Mags, who have their own distinct characteristics but share a common love of racing cars. The fastest dogs in Racerville, the Turbo Dogs often compete with one another in races. The dogs each have their own racers, which they maintain regularly, and that are equipped with individual GPS systems to help and guide them. Each story begins with one of the Turbo Dogs encountering a problem that must be resolved while preparing to compete. Usually, the Turbo Dog learns his/her lesson through experience and accountability for negative behavior. Social-emotional messages about sportsmanship, teamwork, cooperation, and fairness developed in the story are emphasized in a separate tag at the end of each episode. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | SHELLDON is an animated series that takes place in Shell Land, a mythical undersea world populated by characters from a wide array of water-dwelling species. The main character, Shelldon, is an orphaned yoka shell mollusk adopted by the Clam family and living with them in the family-owned Charming Clam Inn. Dr. Shell, an elder and venerated inventor, and Connie, a cowry shell classmate of Shelldons also live at the inn. Shelldon and his buddies Herman (a Hermit crab) and Connie always work together and solve problems that they face in school or in the community. A recurring problem is to staunch the plans of the local millionaire, Cecil Cracken, whose greed puts making money over protecting the environment. Dr. Shell is typically the childrens key provider of knowledge and other resources. In each episode, the children learn a significant social-emotional lesson and also share information relating to their ocean habitat and environmental protection. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | THE MAGIC SCHOOL BUS is a classic show that features the most adventuresome teacher on the planet, Ms. Frizzle and her group of students who dutifully follow her approach to education by taking magical field trips to learn about anything that interests her or them. The students are all curious, but with each one, there is often a personal problem that needs solving and the field trip has a way of dovetailing with the personal challenge to get everything all worked out. The class has been on 52 field trips, traveling in a magic bus that can transform its shape and power source, so it can travel through any environment, from the bottom of the ocean to outermost space. Ms. Frizzle can handle it all, from driving the bus, navigating unfamiliar terrain, tp guiding the children's learning through inquiry. She is undeterred and rarely discouraged and expects no less from her students. Ms. Frizzle is amazingly understanding and permissive in her approach and the children are ambitiously curious about the world as a result. It's not just the bus that's magic. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | PEARLIE recounts the weekly escapades of an optimistic, amiable fairy who has been appointed by Fairy HQ to maintain order in Jubilee Park. She lives among a dozen assorted characters, including her fairy best friends Opal, and Jasper, a garden elf, a wood nymph, possum, bats, other fairies, rats, a small colony of fleas, a lizard and her arch rival, Saphira who is also her fairy cousin. While Pearlie is very likable, she is a bit of a busy-body who likes to arrange things according to over-ambitious plans that ultimately get her in trouble. She gets along with everyone so ultimately every problem is solved and Pearlie learns a lesson. However, her greatest challenges are usually presented by her one enemy, the bully and diva Saphira. Fortunately, Pearlie rises to Saphira's challenges, not with meanness, but by outwitting her. Overall, learning is a constant process for Pearlie because she has big responsibilities , taking care of an entire little community, but she is indomitable and tenacious and ends up preserving order and happiness in Jubilee Park. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Bo on the Go is an animated series designed to promote exercise and physical fitness for preschool children ages 2-5. The main character, Bo, guides the audience through developmentally appropriate exercise routines which she associates with producing energy and feeling good. In each episode she teaches children specific movements that are challenging to produce during the preschool years such as skipping or galloping, and other movements that are easy to replicate, such as marching, running or jumping. She also teaches other movements, such as creeping, slithering, or climbing, based on the movements of different animals. Bo also talks to the audience, asking them to follow step by step directions, and each direction defines the particular movement required to reach the goal and solve a puzzle. Bo is accompanied on her problem solving quest by Dezzzy her pet dragon and is helped by a Wizard who appears at critical junctures during the story. |
