She lives among a dozen assorted characters, including her fairy best friends, Opal and Jasper, a garden elf, a wood nymph, possum, bats, other fairies, rats, a small colony of fleas, a lizard and her arch-rival, Saphira, who is also her fairy cousin. While Pearlie is very likable, she is a bit of a busy-body who likes to arrange things according to over-ambitious plans that ultimately get her in trouble. She gets along with everyone so, ultimately, every problem is solved and Pearlie learns a lesson. However, her greatest challenges are usually presented by her one enemy, the bully and diva, Saphira. Fortunately, Pearlie rises to Saphira's challenges, not with meanness, but by outwitting her. Overall, learning is a constant process for Pearlie because she has big responsibilities, taking care of an entire little community, but she is indomitable and tenacious and ends up preserving order and happiness in Jubilee Park.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	TEEN KIDS NEWS covers a wide range of topics -- from hard-hitting facts about the Iraq war and life after Sept. 11 to ways to tell whether a boy or girl is right for you that are usually specifically tailored toward the teen audience. The show is anchored and reported completely by teens (both boys and girls) from a range of diverse backgrounds. Some topics may be difficult for sensitive younger teens, and some mature teens may find the format corny -- but for most, this series presents a peer-oriented opportunity for them to learn about real happenings in their world. Families can talk about the specific stories that are covered in each episode. Teens interested in a particular topic may want to dig up more information through the Internet or via a trip to the library.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	As indicated above, WFIE utilizes the same shows to fulfill FCC Children's Core Programming requirements on both WFIE DT2 (14 Xtra) and WFIE DT3 (THIS TV). Episodes airing on THIS TV are re-broadcast on 14 Xtra on a three-week delay. Because station WFIE ceased analog operations and converted to digital-only operations prior to the start of the reporting period, Questions 7(b) and 7(c) are no longer applicable. See public file for public service announcements designed specifically for children. "The More You Know's" comprehensive website (www.themoreyouknow.com) provides in-depth referral information, in connection with the on-air public service announcements. Content includes: video of all current public service announcements, a general campaign overview, message boards, press releases, kids pages and referral information by topic to partnering agencies referenced in the PSAs. The site includes a comprehensive list of the campaign's accolades, including Emmy and Peabody awards. In addition, a behind-the-scenes story with clips from talent interviews can be viewed. WFIE Meteorologist's Jeff Lyons and Byron Douglas visit area schools to discuss weather-related studies. See public file for list of schools and organizations visited. News anchor Mike Blake, as well as other 14 News Anchors, speak to local organizations as well. See public file for listing. WFIE televises local high school athletic events on our multicast channel "14 Xtra" WFIE DT2. See public file for listing of games (if any) during current quarter. WFIE conducts station tours and participates in "job shadow" days to give groups, individuals and organizations a "behind-the-scenes" look at broadcasting. Visitors see the various departments in the station and explain their functions, as well as the various jobs available in each department and the education needed to secure a job in broadcasting. Groups sit in on a newscast and are provided the opportunity to ask questions. See public file for listing of tour groups and job shadow participants.
