| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |          |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Chronicling the adventures of Dr. Chris Brown, DR. CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | THE INSPECTORS is a new scripted dramatic series set in Washington, D.C., inspired by compelling real cases handled by the United States Postal Inspection Service. In the series, Preston Wainwright (Bret Green), a determined teen who is thriving after being paralyzed in a car accident, works as an intern for his U.S. Postal Inspector mom, Amanda (Jessica Lundy), helping to solve crimes ranging from Internet scams, identity and mail theft, to consumer fraud. THE INSPECTORS strives to educate young people about making the right choices in their daily lives, encourages open communication between teens and parents and includes positive messaging regarding living with disabilities, overcoming challenges, beating the odds and the power of perseverance. Also starring in the series are Terry Serpico, Harrison Knight and Erica-Marie Sanchez. The United States Postal Inspection Service, the nation's oldest federal law enforcement agency, will serve as the show's official programming resource. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | <p>Awesome Adventures is an educational and informational adventure travel program that targets the 13 to 16 year old age group, but is also a highly entertaining program for a more general audience. With a host and the use of young guides from a specific locale, it is ideal for the "tween/teen" market. This program is fast paced, and provides information which encompasses many aspects of the location. It is produced in a contemporary style, and features both historical and cultural information, in addition to an action adventure. The introduction about the specific food, music, geography, history and environmental issues as well as popular recreational activities of the locale, make for a most entertaining program. Viewers learn about other cities or countries including all aspects of the culture; recognize connections between past and present; appreciate the nature of geographical space; and understand the importance of an action-adventure experience in a new environment. Additionally, students develop working knowledge of other countries or cities and their cultures; compare and contrast one's own society to other cultures; and understand the historical construction of similarities and differences between regions or nations.</p> |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | <p>What makes WHADDYADO such a valuable resource for teenagers is that it exposes them to real life situations. The reenactments give the audience the opportunity to develop important life saving skills. By exposing the audience to perilous situations that have actually occurred, then, using interviews with the participants, and instructions from experts, teenagers are shown what the proper reaction should be when faced with similar life-threatening circumstances this show is perfectly positioned to educate its audience. Because research demonstrates that teenagers learn best from children their own age, this show is uniquely designed to get its lessons through to teenagers. It is likely that in addition to learning the life saving lessons contained in each episode, the show will also work to minimize a viewer's belief in their immortality, a priceless lesson for all teenagers. WHADDYADO's moral dilemma segment is an invaluable addition to the series. In these segments, teenagers are given a scenario which raises moral questions. They are then provided with an expert's analysis of the costs and benefits of various courses of action. This portion of the show touches on sensitive areas that I have yet to find in other television shows being dealt with in such an up front, open nature. By tackling these challenging issues head on, WHAADYADO works to help develop the moral fiber of our nation's teenagers. These segments are a welcome educational opportunity for teenagers who are working to define themselves.</p> |

## Liaison Contact

| Question  | Response   |
|---|--|
| Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526 (e)(11)(iii)?  | Yes  |
| Name of children's programming liaison  | Darlene Lee  |
| Address   | 420 Waiakamilo Road, Suite 205   |
| City  | Honolulu   |
| State   | HI   |
| Zip   | 96817  |
| Telephone Number  | (808) 847-9344   |
| Email Address   | dlee@hawaiiinewsnow.com  |
| Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3. | Because station ceased analog operations and converted to digital-only operations, Question 7(b) and 7(c) are no longer applicable. MULTICAST CHANNEL - This TV (KGMBs dot 2 on Channel 5.2): Station airs This TV programming as a "pass through" and utilizes a "Playbox" to delay the East Coast schedule by 6 hours to allow childrens programming (E/I) to air within the appropriate time period window (7am-10pm, Hawaii time). MULTICAST CHANNEL - ESCAPE TV (KGMBs dot 3 on Channel 5.3): Effective 10-31-14, ESCAPE TV was launched. Station airs ESCAPE TV programming as a "pass through" and utilizes a "Playbox" to delay the East Coast schedule by 6 hours to allow childrens programming (E/I) to air within the appropriate time period window (7am-10pm, Hawaii time). 4Q 2015 NOTES: On October 10, the Escape Network experienced technical difficulties that resulted in the first hour of the block to be preempted and the remaining two hours to experience a start time delay of 9 minutes. One show from the first hour and one show from the second hour were made good as non-core programming on October 18. Since the entire 3 hour block on October 10 is being regarded as preemptions not made good, Escape Network will air an additional hour of E/I programming beginning January 9, 2016 for the duration of the 1st Quarter so that stations will be able to make up for the 4Q15 shortfall with the inclusion of the extra hour that will air the 1st Q of 2016. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Animal trainer Brandon McMillan operates a training facility known as the Lucky Dog Ranch, where his mission is to rescue hard-to-love and untrained dogs and find them homes. The show focuses on exercising responsibility and on developing a sense of appreciation for life and animals. Life lessons are an integral part of the overarching theme of rescuing these animals from death and providing a second chance for life. Following McMillan's investigations into how to retrain these animals to make them welcome members in the homes of families is both educational and inspirational - encouraging this demographic to become sensitive to our own and others' behavior and teaching how we as individuals can make a difference. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |

CHRIS PET VET allows viewers unique insight into the life of one of the world's busiest vets and the animals that he treats. For those animals that require specialist services, Dr. Chris calls on his good friend and colleague Dr. Lisa Chimes, who works at a small animal specialist hospital. The show usually consists of three segments, following the doctor as he treats various animals that are in trouble and offering the viewer opportunities to understand the challenges a veterinarian daily faces. The series focuses on how the doctor investigates the individual problem and tries to develop solutions that on the surface would seem confounding to the viewer. As such the show not only offers a view into careers in and responsibility for taking care of pets, but also into problem solving strategies and behaviors. This program is specifically designed to further the educational and informational needs of children, has educating and informing children as a significant purpose, and otherwise meets the definition of Core Programming as specified in the Commission's rules. |          |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | This weekly travel series takes young people on incredible journeys around the world -- without having to leave the comfort of a living room couch. The team of teenage correspondents visits locations in the United States and abroad to exhibit the beauty of nature and the people who inhabit each destination. Whether it's snowboarding down the Alps, visiting a Costa Rican rain forest, or taking a walking tour of Old San Juan in Puerto Rico, "Awesome Adventures" provides visual experiences of varied activities. But the show isn't just about having fun, it also seeks to educate its viewers. |
