Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Culture Click is a weekly half hour series that explores the genesis of and reasons behind cultural events that permeate our everyday lives. Developed and produced for viewers aged 13 16, host Nzinga Blake opens each episode from her virtual reality set with a list of what's trending on search engines that week. These topics will serve as a jumping off point for a deep dive into the culture viewers 13 16 will embrace. Each week Nzinga will analyze and answer the questions that shape our society using the power and speed of the internet and user generated questions and content. Experts in pop culture will join her to add insight and historical perspective. And most importantly, viewers will come away with a week's work of "aha" moments to share with their friends and family. Six degrees of separation takes on a whole new meaning, and there's no limit to what viewers will learn when they experience Culture Click.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Young, enthusiastic and passionate about food, Claire Thomas is the 22 year old host who opens viewers' eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly half hour, produced for ages 13 16, informs and educates teens about the power of food as a tool for exploring new places, meeting new people and learning about different cultures. Claire serves as a role model for 13 16 year old viewers by showing her passion for her family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she's always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the "inspired" dish while promoting a healthy attitude towards food and life.

Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The half hour weekly series, Sea Rescue, features the rescue, rehabilitation and in many instances release back into the wild of ocean wildlife. Produced for ages 13 16, Sea Rescue offers educational and entertaining television by demonstrating the welfare and medical benefits that rescue and rehabilitation programs provide animals. Viewers will also learn that there's a reciprocal benefit: rescued animals provide valuable insight into their biology and ecology. This information adds to the pool of knowledge necessary to conserve threatened and endangered species. Each week, Sea Rescue will leave its audience inspired by the real life stories of the featured animals and rescuers and with a fuller understanding of the rich array of sea life with which we share our planet.
