Length of Program	30 mins
Age of Target Child Audience	8 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Eco Company provides CORE programming in the area of the environment and preservation of the earths resources. Eco Company explores all aspects of being green and understanding how our actions impact the world. The Eco team learns about global warming by asking questions to discover the truths and myths of the global warming issue. They learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The ETeam profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop new ideas, and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally, the show provides weekly practical tips that teens, and people of all ages can use in their daily lives. Eco Company uses the technique of peer reporting. The diverse and dynamic cast of teens who make up Eco Company combine their natural curiosity with their enthusiasm to report the informational stories to teens and their families. Each episode employs Eco Company members or hosts who conduct interviews of peers and adults, and experience first hand the demonstration and explanation of the topic. Our Eco Company website can be easily accessed by parents and provides a clear description of the program and types of topics covered. It also provides a listing of the weekly episodes and topics aired on broadcast stations through the USA. Advanced notice of future episodes will also be available to parents and consumers by the website. Eco Company has been reviewed by educators in a variety of disciplines who have endorsed the as an educational resource for teens and satisfies the FCCs requirements for core Educational and Informational programming.
