| State the average number of hours of Core Programming per week broadcast by the station on its main program stream                                                                                                                                                                                                                                                                                                        | 5.0      |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream                                                                                                                                                                                                                                                                  | 999.9    |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:                                                                                                                                                                                                                                                              | 20.0     |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?                                                                                                                                                                                                  | Yes      |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes      |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The "Ariel and Zoey, Eli Too" series is an information show, hosted by three sibiligs; twin girls, Ariel and Zoey and their younger brother Eli. As hosts, these children enteratin and inform their audience through song, dance, music and dialogue. Boys and girls between the ages of 13 and 16 years old will be interested in watching each episode to learn something new and pertinent to adolescent life, including following dreams and setting goals. This show supports and encourages respect for others, having integrity, following directions, putting forth best effort and taking responsibility, which is a wonderful message for American Youth. "Ariel and Zoey, Eli Too" is an upbeat, fun, diverse and entertaining children's television series that will inform young people on a variety of subjects, while keeping their interest. Although it is a show that young people will be drawn to on their own, parents can watch it with their children and use it as a discussion platform for many different subjects. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. |  | Steal the Show provides CORE programming in the areas music, music composition, the recording process and musical instruments. Grammy Winner Jim Peterik. All aspects of the process are covered. With Schools across the country cutting funding to music related programs, Steal the Show fills an important void. Students will be empowered with the knowledge and skills they will broaden and hone as they follow the characters on their journey with one of the most prominent song writers of the past 20 years. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Reality Rides features car restoration supporting industrial arts, car mechanics and entrepreneurship as viable career choices. This truly amazing program provides step by step instructions on how to disassemble and reassemble classic cars, repair rusted metal along with other classic auto repair challenges. Cars are compared as they appeared originally, before restoration and after restoration. Historical information about parts and materials are discussed along with uses for modern materials in repairing and restoring classic cars, without losing the historical integrity of the car. |

| Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3. | Note that an error in the LMS form prevents entry of a number greater than 999.9 in the field representing the number of additional hours of programming on secondary channels. The value in that field should be 1176 (7 x 168), rather than 999.9. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Dragonfly TV is a weekly half hour science television series that meets the educational and informational objectives of the FCCs Childrens Programming requirements for children ages 13-16. The programs highlight children doing projects with real hands-on experience and demonstrates practical applications of mathematics and science. It introduces young viewers to a variety of scientific disciplines and challenges them in critical thinking and problem solving skills, while providing valuable information to reach answers. Each episode is engaging, entertaining and educational in structure, allowing children to investigate science on their own. Dragonfly TV is closed-captioned for the hearing impaired and displays the E/I icon throughout the broadcast. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | The "Ariel and Zoey, Eli Too" series is an information show, hosted by three sibiligs; twin girls, Ariel and Zoey and their younger brother Eli. As hosts, these children enteratin and inform their audience through song, dance, music and dialogue. Boys and girls between the ages of 13 and 16 years old will be interested in watching each episode to learn something new and pertinent to adolescent life, including following dreams and setting goals. This show supports and encourages respect for others, having integrity, following directions, putting forth best effort and taking responsibility, which is a wonderful message for American Youth. "Ariel and Zoey, Eli Too" is an upbeat, fun, diverse and entertaining children's television series that will inform young people on a variety of subjects, while keeping their interest. Although it is a show that young people will be drawn to on their own, parents can watch it with their children and use it as a discussion platform for many different subjects. |                                                                                                                |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Reality Rides features car restoration supporting industrial arts, car mechanics and entrepreneurship as viable career choices. This truly amazing program provides step by step instructions on how to disassemble and reassemble classic cars, repair rusted metal along with other classic auto repair challenges. Cars are compared as they appeared originally, before restoration and after restoration. Historical information about parts and materials are discussed along with uses for modern materials in repairing and restoring classic cars, without losing the historical integrity of the car. |
