Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	KGMM-CD ceased all analog broadcasts as of October 15, 2014. Therefore, questions 7(b) and 7(c) are inapplicable. Effective January 17, 2015, the station commenced program operations on 24.2 and 24.4, with Shop Q and Revenue Frontier, respectively. No Core programming aired on either stream during 1st Quarter. In view of the 4 streams of programming broadcast during 1st Quarter, a total of 12 hours of Core programming was required. Since a total of 10 hours was broadcast, the report reflects that a deficiency of 2 hours occurred during this reporting period. Additional programming is being broadcast during 2nd Quarter to make up for the deficiency. Finally, please note that, in addition to airing the core programming as described above, the station airs public service announcements that have a significant purpose of educating and informing children (e.g., public service announcements related to children's health issues and the importance of education).
