## Broadcaster Information and Transition Plan

Question	Response
----------	----------

Will the station be sharing equipment with another broadcast television station or stations (e.g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	No
Briefly describe transition plan	The proposed plan is for KHTV to replace the existing channel 27 transmitter with a new solid-state transmitter, replace the existing channel 27 mask filter with a new channel 22 mask filter, and replace the existing segmented 2 1/4" foam dielectric line
