Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	5.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	840.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	18.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Aqua Kids provides CORE programming in the area of biology and specifically the ecosystem related to the ocean, its tributaries and estuaries. Children can learn about the resources of the oceans and how protection of oceans is necessary to present and future generations. Not only does the show teach biological topics, but it aims to enrich children's lives by making them aware of future generations, the role they play now, and for generations into the future, with the biggest ecosystem on earth-the oceans. Each episode provides information related to a specific topic and gives an educational approach to understand the topic related to the entire ecosystem of the earth. Aqua Kids provides kids with a way to learn about the diversity of marine animals around the world and the importance of preserving their fragile aquatic habitats. Through the use of hands-on collaboration between kids and science researchers and educators, Aqua Kids encourages children to take an active role in protecting the future of their communities and the world.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Zoo Diaries documents the live of animals and people at a zoo with a record of breeding endangered species.Each episode opens with a brief description of the show's contents. Events in the life of three or four animals are shown, cutting between stories every couple of minutes. Each story focuses on an animal in an interesting situation, and the zoo person responsible for handling the situation. Some situations are resolved over a number of episodes, for example, developing and performing an animal show designed to startle the audience. Topics vary from birth to death. The series is candid about the zoo employees' behavior and opinions.
