Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Weird But True! premieres as a syndicated series on Saturday, Sept.10 primarily on FOX television stations (check your local listings). Follow the talented science-loving sibling hosts Charlie and Kirby Engelman as they investigate the fun, strange and surprising ways our world works. From exploring shipwrecks to discovering how our senses work, no topic is off-limits for the curious duo. Weird But True! is produced in partnership with Steve Rotfeld Productions, and is airing as part of a three-hour educational block of syndicated programming alongside popular programs Xploration Awesome Planet, Xploration Outer Space, Xploration Earth 2050, and two new series also debuting this fall: DIY Sci and Nature Knows Best. Xploration Station shows have been nominated for five Daytime Emmy Awards and five Cynopsis Kids Awards, respectively. The returning Xploration Station series were named by Common Sense Media as three of the Best Science Shows for Kids on TV.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Wild about animals is a half hour magazine series. The show is hosted by the Emmy award winning actress Mariette Hartley. Mariette has committed herself to fighting for the rights of animals for over 20 years. As the producers of wild about animals, it is the objective to educate and inform children by bringing them entertaining and interesting stories about the worlds most fascinating animals. Each episode will consist of four different stories designed to teach children about both exotic and unique animals, as well to educate them further about animals they see every day.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Xploration Awesome Planet will inspire and educate anyone interested in earth sciences. Our host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on earth, inside earth, and above earth.
