Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	3.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	AWESOME ADVENTURES is a half hour adventure series. Our host, as well as two different teens, will travel each week to destinations around the world that can be both exotic and remote. Awesome adventures is designed to educate, inform and entertain children 16 and under about the world around them. Each journey is a lesson in the beauty of nature, its creatures, and the people who inhabit the land. The shows are not designed to be preachy, but rather the goal is to make the learning fun. Eco Company's teen hosts report on environmental stories from their perspective. Every week they explore all aspects of being green and understanding how we impact our world. From checking out the latest technologies in energy, recycling, conservation and organics to sharing the stories of young people making a positive impact on the environment, Eco Company is on it. The show is now in its third season of national syndication in over 160 markets reaching over 92 per cent of U.S. households and countries around the world.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle, an instructional series, features creating art projects and cooking projects around a specific theme. Host, Sean, drives around in a double decker bus fully equipped with art supplies and a kitchen, ready for any assignment. The projects encourage parent engagement and often feature families working together to make something to display within the child's home. Seans side kick, Doggity, is an ever-faithful beagle who transforms into an animated character during interstitial trips to a parallel universe, set in a kitchen full of prank playing animated characters. The art projects typically promote utilizing recycled materials in order to demonstrate that creativity can transform something intended for one purpose into something that achieves a completely different goal.
