Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	01/13/14 - Warren Woods Christian School 6th-8th grade students were in for studio tour and observed "live" on air production of Ask the Pastor. During the quarter, the station broadcast a multi-day telethon. During this time, the station's regular program schedule was suspended. At the end of the telethon, the regular program schedule resumed. The station normally airs 84.50 hours/week of core children's television programming or 6.5 x 13 hours/quarter. This represents 45.5 hours, on average, above the thirty-nine hours of children's television programming per quarter specified in Commission Rule 73.671 (Note 2). Accordingly, during this quarter when the station aired its telethon, it provided 26 more hours of children's programming (65 hours vs. 39 hours) than specified in the Commission's requirements for routine staff processing. Furthermore, the station aired 106 hours per week of additional core children's television programming, or 1261 hours, on average, above the 117 hours of additional children's television programming per quarter specified by the Commission in this circumstance.
