There is no question that a career in one of the multimedia industries is among the most popular career choices of adolescents. Made in Hollywood: Teen Edition (MIH:TE) was created by Connection III Entertainment Corp. to provide career information and advice from top Hollywood professionals to 13- to 16-year-old viewers so they can "explore and learn about the technical, artistic, creative, business, and administrative careers that are a part of the motion picture, television, music video, and home entertainment industries".
