Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The Young Icons is a television program that provides educational and informational segments exposing the target audience of young viewers to accomplished teens that have set goals and are giving back to their communities as mentors, scholars, entrepreneurs and philanthropists. Each guest shares their personal stories of what motivated them to take on their passion and/or focus in their chosen field of endeavor. One guest's message inspires young audiences to "never let age hold us back, no matter how old you may be". Parents play an important role in supporting their 'young icons'. As one parent stated, "You can take a simple idea and turn it into something that can help an awful lot of people." The program provides a motivational and inspirational message that empowers audiences of all ages that hard work; dedication and looking beyond ourselves will pay off for everyone. Each segment of The Young Icons delivers an educational and informational message that supports current social, intellectual and emotional aspects of children ages 13 and up. Attributes and advice emphasized by guests instill a grounded balance of priorities, commitment, and perseverance children can apply to their lives.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	On The Spot is a series tapping knowledge across a series of subject areas: geography, art,technology, science, math, history, language, music, and sports. It also addresses general cultural knowledge. The format is a series of seemingly random questions to individuals who are either of school age or adults past the age of high school graduation. There are three fundamental educational benefits to this format. First, it taps into fact retrieval in the curriculum. Second, and more important, it expands the information beyond fact retrieval. Third, and most important, it addresses what educators call non-cognitive factors for student success.
