Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Based on the book series by Deborah Manchester, The Zula Patrol teaches science and astronomy facts to a target audience of 4-8 year old children. The Zula Patrol is a group of six animated aliens, headed by Capt Bula, who carry out a variety of scientific space missions. During their missions, Captain Bula and his crew often encounter their foe, Dark Truder, and his minion, Traxie, who are trying to take over the universe. Over the course of the story, the audience learns different facts about a specific space topic, such as stars, planets, orbits, moons, asteriods, comets, gravity and space probes. The information is then highlighted during a segment where crew member Professor Multo delivers his Multo-Moments or a summary of scientific facts from the story. Typically the stories also provide a social-emotional tag based on tolerance and non-violent conflict resolution.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Set in medieval times, "Jane and the Dragon" is an animated show based on Martin Baynton's best selling books about a middle class, medieval girl named Jane. Jane is raised in the Royal Court as a Knight-in-Training after she demonstrates her courage by leaving the castle to conquer the local dragon. The giant green Dragon, whose sense of humor exceeds his ferocity, instead becomes Jane's best friend and a part of the castle community. In each episode, Jane encounters a challenge that tests her problem-solving skills and requires her to demonstrate her strength of character, as a Knight of the King's Guard. Sometimes Jane learns a moral lesson, and other times she uses analytical ability to illustrate how a problem can be made less complicated and easily solved.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Willa's Wild Life based the book, An Octopus Followed Me Home, by Dan Yaccarino, is an animated series centered on a six-year-old girl, and her menagerie of animals. Willa's Wild Life lives at home with her father and pets, an elephant, a giraffe, a pair of performing seals, a bear, penguins, and lots of rabbits. In each episode, Willa's Wild Life faces a challenge at home, in school or in her neighborhood. With her animals and best friend Dooley as key elements of her team, Willa's Wild Life works on solutions to overcome her challenge. Together they find ways to maintain healthy friendships, experience success, develop competence and become altruistic. With help from her animal friends, Willa's Wild Life figures out how to earn the things she wants by helping others. She learns to appreciate the friends that she has rather than trying to change to fit in with the cool group. She realizes that asking questions is better than jumping to conclusions. Whether at school, home or in the neighborhood, Willa's Wild Life finds a way to analyze her situation and learn from experience.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Pearlie is an animated comedy series based on the children's book series Pearlie the Park Fairy by Wendy Harmer. Pearlie is an optimistic, light-hearted fairy who sees the good in everybody, but often gets into situations because her desire to help is larger than her capacity to deliver. Aimed for an audience within the 6-10 year old range, Pearlie focuses on the importance of following the rules, using good judgment and learning how to avoid getting into trouble. Since Pearlie was appointed by Fairy Head Quarters (HQ) to keep Jubilee Park in sparkling order she has constant challenges with her basic goal of keeping everyone happy and making sure the park functions smoothly. Pearlie's nemesis and cousin Saphira, often takes advantage of Pearlie's good nature which requires that Pearlie must also frequently outwit the park bully. In each episode, we see Pearlie approach new tasks and problems with a great deal of enthusiasm, but without the organization required to get the job done. Through plot developments and with the assistance of her friends, Opal and Jasper, she learns what to do and what not to do in each situation so the park can be restored to order.

Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Noodle and Doodle is a live-action show hosted by Sean Roach that also blends animation and puppetry into the overall format. Sean drives a double-decker bus into various communities to meet children who have written to him with a problem that they would like to solve using art and/or a food experience. Sean is accompanied by Noodle, a puppet character and Doodle, a digital character that lives inside a tablet computer, and Doggity, a faithful beagle. Doggity has a mini-show of his own through an animated alter-ego that appears during diversionary segments in a restaurant kitchen operated by Doggity and other canines. The show demonstrates how recycled materials can become art and how food, art, and problem solving can be combined to create a fun experience in everyday living. Every episode can be replicated at home with ease by parents and children playing together.

Poppy Cat is based on the Poppy Cat's Adventures book series authored and illustrated by Lara Jones. A narrator, also named Lara, reads a story to her cat in each episode. This story stars her Poppy Cat, who envisions and takes his friends on imaginary adventures. The friends are Zuzu, a Dalmation who zips around on a skateboard; Alma, a southern belle bunny who is ultra feminine and sweetly dramatic, Mo, a little mouse who tries his best to do as much as everyone else despite his size; Owl, the wise one who is prone to neck rolls and commentary when things irritate him or don't make sense. The grouchy Egbert, a badger who is both a snob and a bully refuses to play with the group and invariably attempts to sabotage their adventures. Occasionally Hilda, a forgetful and ditzy pigeon who flies into their adventures, appears to say hello or provide misguided directions to the friends. Once their mission is accomplished, the friends return to their little village and resume their cheerful, active lives. With the end of her story Lara closes her book and says good bye to Poppy Cat, who is usually ready for his nap.

Describe the	Justin Time features and little boy, Justin, who wants very much to master his destiny, have great
educational	adventures, and solve problems. He begins with a problem that vexes him and daydreams his way into an
and	adventure that takes him to different places around the world, but also provides him with an experience the
informational	helps him solve his problem when he returns home. While on the adventure he is accompanied by Olive, a
objective of	knowledgeable imaginary playmate, and Squidgy the morphing flying sponge, who provides commentary
the program	and comedy along the way. Justin's lessons involve learning, for example, that it takes focus to achieve
and how it	success, failure can teach what we need to do to succeed next time, or when one path to solve a problem
meets the	doesn't work, you can find another way to get to your goal. Justin is all about self-directed learning from th
