Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Eco Company explores all aspects of being "green" and understanding how our actions impact the world. The E-Co team find out about global warming by asking questions to discover the truths and myths of the global warming issue. They learn about alternative energies by visiting wind farms and solar installations and discovering new energy technologies currently under development. They learn more about recycling, conservation and organics. The E-Team profiles teens and school organizations who have taken it upon themselves to make a difference, young entrepreneurs who are taking their passion for green to develop ideas, and new products for a sustainable future. Most importantly, each story and each feature is reported by teens and told from their perspective. Additionally each week the show will provide practical tips that teens, and people of all ages can use in their daily lives. The program is regularly scheduled and airs between the hours of 7:00am and 10:00pm. It is 30 minutes in length and is identified as an educational and informational show, targeted to 13 to 16 year olds, at the beginning of each broadcast and in listings provided to publishers of program guides.
