VIRUS ATTACK is a series that depicts pollution as DNA infected by viruses, which are infecting a city with the sole purpose of destroying it. The three main characters, David, Alice, and George represent the anti-viruses who are trying to help. David has become the power to ward off the evil viruses. His father, Professor Amaldi, has devoted his life to finding a solution to the evil gene of wickedness. It is an interesting metaphor for pollution. The series shows elements of courage, friendship, and problem solving. Although the concept is far-fetched, it brings enough science concepts to make it plausible.
