Programming.

Animal Atlas is a weekly half-hour series that travels around the globe to educate viewers 13-16 about the animal kingdom. Every week viewers are given an in-depth look at many different kinds of animals, their biology and habitats, their eating and socializing habits, and much, much more. The series features an up-beat and entertaining narration over beautifully shot animal footage from zoos and wildlife habitats all over the world. Without pandering, pontificating, or watering down material, it broadens the knowledge and prespective of young viewers through a friendly and fascinating presentation of information about the animal world.
