Digital Core Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	5.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience	2 years to 6 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Why is the sky blue? Why do we need the sun? What makes people grow? Children are naturally curious about the world around them. Now they have a special friend to help them explore their curiosities! Gilby is a curious puppy who loves to fetch answers to questions from little boys and girls. His friends Miss Kathy, B. E. Mann, Augustus Bustus and many others join Gilby in his daily adventures. Whether he is visiting a farm, going on a picnic or riding a train, Gilby has a great time learning about friendship, manners and music. At the same time, children are learning skills to prepare them for school. Each half-hour show follows the same format. The familiarity of each show creates a comfortable, safe learning environment and makes it easy for children to follow the show. Gilby encourages children to explore and learn by writing, calling and e-mailing with questions of their own. Educational consultants and child psychologists from Akron Public Schools work with show producers to link each show with lessons on colors, numbers, shapes, letters and opposites.
