Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	4.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	168.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	5.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience	2 years to 5 years

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is about a young boy, Tom, who enters the enchanted and magical kingdom of Treetopolis. He and his friends in Treetopolis invariably run into a problem or disaster that needs fixing. Tom then calls upon viewers to do original dance moves that will bring him "Big World" magic, so he and his friends can resolve the challenge of the day. The dance moves also get the viewer to exercise. The educational messages of the program reinforce positive socio-emotional content, using examples to model being loyal to your friends, knowing how to ask for help, doing the right thing rather than what is convenient, making an effort to share rather than be selfish, and relying on teamwork to accomplish a goal. This program airs on the station's main digital channel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is anchored by Sportacus, a fit and agile hero, whose "kryptonite" is sugar, which makes him instantly lethargic. Sportacus and the program's cast of child characters are challenged in each episode with an issue or dilemma, and are opposed in their attempts to complete their mission by Robbie Rotten, who seeks to return Lazytown to its former lazy ways. The program seeks to impart to preschool and early school-aged children the importance of healthy living, and to help them understand the value of developing sound eating and physical exercise habits, while also providing them positive messages about friendship, empathy, self-respect, truthfulness and other age-appropriate life lessons. This program airs on the station's main digital channel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Mustard Pancakes is a television program featuring Courtney Campbell and her family of fun-loving friends, which happen to include puppet pets. Courtney's thoughtful guidance helps her pets discover the world around them, grow emotionally, and find solutions to their daily challenges. The program celebrates the joy of childhood through music and storytelling. The program is a nurturing environment where the characters support each other's growth and work together to overcome the day-to-day challenges all children face. This program airs on the station's secondary digital channel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is a science series that educates children about science concepts, introducing them to science and math by exploring fundamental principles such as gravity, pressure, kinetics and magnetism by conducting science experiments in an integrated and entertaining way. It is produced using a combination of 3D animation and live footage. The host, Max, is a 3D animated mouse which talks to the audience and the participants, explaining what the science concept and experiment is and how to perform it. The participants are junior high school children guided by a science facilitator. Together they perform the experiment instructed by Max the Mouse. The program also uses 3D animation to explain the steps and results of the experiment. This program airs on the station's secondary digital channel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is hosted by teens and used peer reporting to profile individuals and organizations committed to environmental issues, including reports on the latest recycling and nature conservation efforts, advances in renewable energies and carbon footprint-reducing technology. It also offers advice on how to be more eco-wise, while performing daily activities. The program also includes "eco bytes" (bits of trivia related to environmental issues) and video footage uploaded by teen viewers to the program's website. By using this information from a youthful point of view, it enthusiastically encourages young adults to become more proactive about environmentalism and stresses the positive impact that young people's efforts, no matter how small they may seem, can have on the larger world around them. This program airs on the station's secondary digital channel.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species with the aid of up close and detailed photography throughout the program. Through this understanding it is hoped that viewers will better relate to the natural environment as it exists in North America and learn to protect North America's animal species. This program airs on the station's secondary digital channel.

Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C.F.R. Section 73.3526(e)(11)(iii)?	Yes
Name of children's programming liaison	John Nizamis
Address	300 south Byrne Road
City	Toledo
State	OH
Zip	43615
Telephone Number	419-535-0024
Email Address	jbnizamis@chestv.com
Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C. F.R. Section 73.671, NOTES 2 and 3.	During Children's Programming we air PSA's for children's interest. WNWO host a segment in the local nightly news featuring a different child each week. Our meterologist Norm Van Ness and the child present the weather together. Following the on air segment the children and family are given a tour of the station. WNWO hosted several tours this quarter to 4 Boy Scout Troops, each troop consisted of 6 boys and caperones.

Program Title	Earth to Luna
Origination	Network
Days/Times Program Regularly Scheduled	SATURDAY AT 12:00PM (4/4/15-6/27/15)
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	2 years to 5 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	A Brazilian animated series specifically aimed at teaching 2-5 year old children how to ask questions about nature and science and vigorously pursue the answers. The show encourages curiosity, research, and critical thinking. Each episode of the show is focused on a particular creature, object, or phenomenon that would be of interest to the target audience. For example, Luna might wonder how she can grow a plant without a seed and finds the answer through her inquiry process. The characters, Luna, Jupiter (her brother), and Clive (their pet ferret) embark on a research effort that takes the audience through each step that answers their overarching question. The show uses recurring features, signature phrases, and songs to cue the audience when they need to do research, when they transition to the adventure, and when they have reached the ending to review all they've learned. This program airs on the station's main digital channel.

Program Title	MOUSE IN THE HOUSE
Origination	Syndicated
Days/Times Program Regularly Scheduled	TUESDAY AT 8:00AM (4/7/15-6/30/15)

Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	3 years to 6 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is a science series that educates children about science concepts, introducing them to science and math by exploring fundamental principles such as gravity, pressure, kinetics and magnetism by conducting science experiments in an integrated and entertaining way. It is produced using a combination of 3D animation and live footage. The host, Max, is a 3D animated mouse which talks to the audience and the participants, explaining what the science concept and experiment is and how to perform it. The participants are junior high school children guided by a science facilitator. Together they perform the experiment instructed by Max the Mouse. The program also uses 3D animation to explain the steps and results of the experiment. This program airs on the station's secondary digital channel.

Program Title	ECO COMPANY
Origination	Syndicated
Days/Times Program Regularly Scheduled	THURSDAY AT 8:00AM (4/2/15-6/25/15)

Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	This program is hosted by teens and used peer reporting to profile individuals and organizations committed to environmental issues, including reports on the latest recycling and nature conservation efforts, advances in renewable energies and carbon footprint-reducing technology. It also offers advice on how to be more eco-wise, while performing daily activities. The program also includes "eco bytes" (bits of trivia related to environmental issues) and video footage uploaded by teen viewers to the program's website. By using this information from a youthful point of view, it enthusiastically encourages young adults to become more proactive about environmentalism and stresses the positive impact that young people's efforts, no matter how small they may seem, can have on the larger world around them. This program airs on the station's secondary digital channel.

Program Title	WILD AMERICA
Origination	Syndicated
Days/Times Program Regularly Scheduled	FRIDAY AT 8:00AM (4/3/15-6/26/15)
Total times aired at regularly scheduled time	13
Length of Program	30 mins
Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The key objective of this program is to familiarize children with the animals of the North American continent, their interaction with other animals and their environment. Throughout the series emphasis will be placed upon protecting endangered species and the impact that humans have while interacting in their environment. The goal of this program is for the viewer to achieve a greater understanding of nature and specific animal species with the aid of up close and detailed photography throughout the program. Through this understanding it is hoped that viewers will better relate to the natural environment as it exists in North America and learn to protect North America's animal species. This program airs on the station's secondary digital channel.
