Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	The Licensee, KTGF License Corporation, acquired KTGF-TV on March 14, 2012. The station had been been shut down, all programming discontinued, and all cable and satellite distribution of its signal terminated. The Licensee is working diligently to re-build the station and to locate the best quality programming, including Core Programming, with which to serve the public. In light of the condition of KTGF at the time KTGF License Corporation acquired it, this will take time, but the Licensee is an organization based in the community of license, and believes over time it will be able to build a program line-up and publicize it widely to super-serve the public interest.
