Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Astroblast is based on the book series by author and illustrator Bob Kolar. It is set on a space station in an unknown solar system. Five animal characters and one three-eyed octopus of unknown derivation populate the station. Each episode begins with an everyday conversation or incident that grows into a predicament needing a solution. While these predicaments take place in a fantasy environment, the issues and resolutions resonate for a preschool audience. Through comedy and zippy action, our target audience sees how the characters learn lessons for practical living such as how to keep track of things that belong to you, practice good habits, clean up when you've made a mess, rebound from a failure or an embarrassing incident, or resist the urge to blame others for your mistakes.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Terrific Trucks is a live-action series that follows the exploits of five self-driving, heavy-duty construction trucks. They include Tork, the dump truck, Stotz, the flatbed, Dug, the digger, Blinker, the mini-digger, and Sparky, the front-end loader. The trucks reside in a fully-equipped truck yard/rock quarry and work as a team on various building projects that require planning, collaboration and implementation. Each truck brings specific skills and a distinct personality to the group. They get challenging job assignments from Mr. Bill Board, a digital outdoor screen that outlines and diagrams the problem to be solved. By allocating the role each truck will perform during the project, the group merges those unique skills to fulfill their respective assignments. Unexpected problems that could compromise their success-- such as the weather, broken truck parts, or personal conflicts between the trucks--- are addressed and overcome so the job can be completed.

Noodle and Doodle is an instructional series featuring creative expression through art and cooking projects around a specific theme. Host, Sean, drives around in a double decker bus fully equipped with art supplies and a kitchen ready for assignment. The projects usually encourage parent engagement and often feature families working together to make something to display in the child's home. Sean's sidekick, Doggity, is an ever faithful beagle who transforms into an animated character during interstitial trips to a parallel universe, set in a kitchen full of prank playing animated characters. The art projects typically promote utilizing recycled materials in order to demonstrate that creativity can transform something intended for one purpose into something that achieves a completely different goal.
