Future Phenoms is an educational and informational program that encourages our youth in several aspects of life. Future Phenoms is such an inspiration for both our youth and their parents. As families watch this show, the featured students and their stories of overcoming adversity resonate within students and parents alike. Students are challenged to overcome their personal adversities in life and find an outlet to pursue their dreams, while parents find that their position in their child's life is to encourage their dreams. By watching Future Phenoms, students have a stronger desire to participate in extracurricular activities. Essential to the educational process, parents see how extracurricular activities can give their children the confidence to pursue knowledge, pursue a healthy, active lifestyle, and pursue their dreams, despite the difficulties that life brings. Future Phenoms has been extremely influential in helping our youth realize the full potential they can accomplish both in the classroom and on the playing field. Recognizing athletes for classroom achievements as well as their contributions in extracurricular activities helps students to understand the importance of dedication, discipline, commitment to academics, and community involvement.

Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3.	Due to a technical error at the Bounce network, two E/I children's programs, "All In with Laila Ali" and "Everyday Health" which aired from September 10, 2016 through the end of the quarter, were missing the E/I graphic. The network was put on notice and it remedied the issue, and WTNZ has implemented additional procedures to monitor the presence of the E /I graphic. Station may rebroadcast some or all of the affected programming in the fourth quarter.
