Digital Core  
Programming

| Question  | Response |
|---|----------|
| State the average number of hours of Core Programming per week broadcast by the station on its main program stream  | 6.2      |
| State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream  | 336.0    |
| State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:  | 3.0      |
| Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?  | Yes      |
| Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams? | Yes      |

Each week, a seasoned team of business leaders instructs entrepreneurs about the basic but critical business skills needed to bring a product from concept to the marketplace. A unique program that combines entertainment with business school, Hatched will focus on the skills needed to launch a product. It will help young people develop the confidence and business savvy to execute a detailed business plan that includes product pricing, packaging, marketing and investment strategies. Hatched brings young entrepreneurs to the table encouraging them to step up and seize their dreams. This program is designed to further the educational and informational needs of children and has educating and informing children as a significant purpose. The show is regularly scheduled at 9:30a on Saturdays. Where will advancements in science, technology, engineering, and mathematics lead us? Xploration Earth 2050 strives to answer these questions and more with scientists, inventors, doctors, science fiction writers, and creative thinkers. This half hour weekly series, produced primarily for the 13-16 year old target audience will appeal to the whole family. Viewers will be taken on an educational adventure as the show tackles future challenges in everything from transportation to health care to the environment. Xploration Earth 2050 is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience' interest in the field of STEM education. This program is designed to further the educational and informational needs of children and has educating and informing children as a significant purpose. The show is regularly scheduled at 7:00a on Sundays. Each week our host Emily Calandrelli will take viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet. Watch our host try to perform every day responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as our host lives like an astronaut in a Mars-like habitat. We will have episodes on space robotics, commercial space tourism, asteroids, and our search for life, among many others. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content we have shown. Xploration Outer Space is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience' interest in the field of STEM education. This program is designed to further the educational and informational needs of children and has educating and informing children as a significant purpose. The show is regularly scheduled at 7:30a on Sundays. Our host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on the earth, inside the earth, and above the earth. Xploration Awesome Planet is a half-hour weekly E/I series produced with the intention of increasing and expanding our target audience' interest in the field of STEM education. This program is designed to further the educational and informational needs of children and has educating and informing children as a significant purpose. | Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Multicast Channel - Young enthusiastic and passionate about food, Claire Thomas is the 22 year old host who opens viewers eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly half hour produced for ages 13 to16 informs and educates teens about the power of food as a tool for exploring new places meeting new people and learning about different cultures. Claire serves as a role model for 13 to16 year old viewers by showing her passion for her family life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time sometimes from family sometimes from friend, or even from bloggers needing her help. No matter how exotic or local the location shes always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the inspired dish while promoting a healthy attitude towards food and life. It is regularly scheduled on a multicast digital program stream on Saturdays at 12:00p. It is 30 minutes in length and the E/I objective is specified on air along with the E/I objective and target audience for the program supplied to Program Guide publishers. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Multicast Channel - Young enthusiastic and passionate about food, Claire Thomas is the 22 year old host who opens viewers eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly half hour produced for ages 13 to16 informs and educates teens about the power of food as a tool for exploring new places meeting new people and learning about different cultures. Claire serves as a role model for 13 to16 year old viewers by showing her passion for her family life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time sometimes from family sometimes from friend, or even from bloggers needing her help. No matter how exotic or local the location shes always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the inspired dish while promoting a healthy attitude towards food and life. It is regularly scheduled on a multicast digital program stream on Saturdays at 2:00p or 2:30p. It is 30 minutes in length and the E/I objective is specified on air along with the E/I objective and target audience for the program supplied to Program Guide publishers. |

| Question  | Response  |
|---|---|
| Does the Licensee publicize the existence and location of the station's Children's Television Programming Reports (FCC 398) as required by 47 C. F.R. Section 73.3526(e)(11)(iii)?  | Yes   |
| Name of children's programming liaison  | Paul Pelliccia  |
| Address   | 341 Northern Blvd   |
| City  | Albany  |
| State   | NY  |
| Zip   | 12204   |
| Telephone Number  | (518) 433-4251  |
| Email Address   | ppelliccia@fox23albany.com  |
| Include any other comments or information you want the Commission to consider in evaluating your compliance with the Children's Television Act (or use this space for supplemental explanations). This may include information on any other noncore educational and informational programming that you aired this quarter or plan to air during the next quarter, or any existing or proposed non-broadcast efforts that will enhance the educational and informational value of such programming to children. See 47 C.F.R. Section 73.671, NOTES 2 and 3. | Due to a technical error by LAFF TV, the E/I symbol did not appear in 10.5 hours of programming transmitted by LAFF TV from September 10, 2016 to October 15, 2016. We have been informed that LAFF TV has resolved the issues causing the omission and has established new processes to ensure they do not recur. In addition, to avoid any question of compliance with the FCCs minimum hours guidelines for E/I programming, the station re-broadcast the 10.5 hours of programming with the E/I symbol included, along with an additional half-hour of such programming (also marked with the E/I symbol), for a total of 11 additional hours of E/I programming. |

| Describe the educational and informational objective of the program and how it meets the definition of Core Programming. | Multicast Channel - Young enthusiastic and passionate about food, Claire Thomas is the 22 year old host who opens viewers eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly half hour produced for ages 13 to16 informs and educates teens about the power of food as a tool for exploring new places meeting new people and learning about different cultures. Claire serves as a role model for 13 to16 year old viewers by showing her passion for her family life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time sometimes from family sometimes from friend, or even from bloggers needing her help. No matter how exotic or local the location shes always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the inspired dish while promoting a healthy attitude towards food and life. It is regularly scheduled on a multicast digital program stream on Saturdays at 12:00p. It is 30 minutes in length and the E/I objective is specified on air along with the E/I objective and target audience for the program supplied to Program Guide publishers. |
