Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Jack Hannas Animal Adventures is a live action television program designed to reveal to children the world around them in a way that presents positive role models and pro-social values within an environmentally responsible universe. According to the attached Laff Network Alert, Jack Hanna's Animal Adventures aired without the E/I symbol throughout the broadcast of the program (10/1/16 - 10/15/16 - 3 instances in 4th quarter 2016). The Laff Network has also provided an E/I Programming Notification where it outlines the corrective action they are taking because of this error which included airing the program an additional 4 times to make-up for the lack of E/I bug which station has accounted for in this report; these additional airings do not count towards the core - which is why the report reflects 18 airings but only 14 count as core.
