Digital Core  
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.46
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	The host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. Produced primarily for the 13-16 target audience, Xploration Awesome Planet will inspire and educate anyone interested in earth sciences. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. The show not only visits gigantic glaciers and beholds their beauty but also discovers why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as the show strives to understand places on the earth, inside the earth, and above the earth. The program is regularly scheduled between 7am and 10pm, is 30 minutes in length, and is identified as an educational and informational show targeted to 13 to 16 year-olds, in information provided to national publishers of program guides.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Each week the host Emily Calandrelli will take viewers on incredible journeys through space that will both entertain and educate. Ever wonder what it would be like to live in space or on a different planet? Watch Emily try to perform every day responsibilities while floating in zero gravity. Explore the challenges that come along with living on a different planet as Emily lives like an astronaut in a Mars-like habitat. There are episodes on space robotics, commercial space tourism, asteroids, and our search for life, among many others. When appropriate, the host will highlight NASA related programs and internships for young students that are relevant to the content shown. The program is regularly scheduled between 7am and 10pm, is 30 minutes in length, and is identified as an educational and informational show targeted to 13 to 16 year-olds, in information provided to national publishers of program guides.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	"Xploration FabLab" brings the world of science, technology, and innovation to life. The series is fast-paced and exciting, with each episode consisting of multiple short story segments based on a central topic featuring fun, young hosts who will keep the pace tight and energy high. Star power is used to supercharge the storylines. Each episode includes a relevant celebrity with a science and tech background. All Xploration FabLab episodes focus on a relevant global issue and what's being done to solve it. Using real-live examples, FabLab illustrates how all the STEM disciplines work together to improve our lives and make the world better. The program is regularly scheduled between 7am and 10pm, is 30 minutes in length, and is identified as an educational and informational show targeted to 13 to 16 year-olds, in information provided to national publishers of program guides.
