Program Title	Animal Atlas
Origination	Network
Days/Times Program Regularly Scheduled	Saturdays at 9am ended 8/19/17
Total times aired at regularly scheduled time	8
Total times aired	8
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(Digital Channel 31.2)"Animal Atlas" is an entertaining and educational half-hour wildlife program shot exclusively in High Definition. The show introduces young viewers to every kind of animal imaginable, from the familiar to the astounding, including apes and giant lizards, sharks and tigers, and all other animals from the Americas, Africa, Asia, Australia, and everywhere in between. Animal Atlas promotes a better understanding of how various animal species live and what they need to survive. Each episode stands alone as an entertaining look into the world of animals- whether visiting a particular group of animals, such as big cats, or meeting the animals of an entire continent. Through Animal Atlas, viewers discover the variety of places that animals live, how they find food, and how they play. The show also looks at how family units operate, from a community of thousands of prairie dogs, to a pride of lions, to a school of fish. Certain episodes also explore animal features such as diet, locomotion, adaptation, and how animals take care of their young. Along the way, Animal Atlas educates young viewers about endangered species and provides information on how to support wildlife conservation. For a population of young viewers attuned to the importance of going "green," Animal Atlas is not only entertaining, it is culturally relevant and important. Animal Atlas offers an incredible and wildly entertaining adventure through the animal world. Learning about animals has never been more fun! Just spin the globe. Anywhere, everywhere animals live, you'll find Animal Atlas.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(Digital Channel 31.1) Xploration Nature Knows Best will inspire and educate audiences of all ages. Host and marine biologist Danni Washington exudes energy as she relates how technology all around us was inspired by nature and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds and in helicopters influenced by the dragonfly and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel. But engineers are not the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants architects who design living buildings and roboticists who are making their designs bigger stronger and faster based on animals. This series will help kids to understand how getting outside and taking a look around can help them make the next great discovery.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(Digital Channel 31.2) Young, enthusiastic and passionate about food, Claire Thomas is the 22 year old host who opens viewers eyes to how everyday life can inspire culinary creations in Food for Thought. Each weekly-half hour informs and educates teens about the power of food as a tool for exploring new places, meeting new people and learning about different cultures. Claire serves as a role model by showing her passion for her family, life, and healthy living by sharing stories in the kitchen. Creative inspiration can come from any place at any time, sometimes from family, sometimes from friends, or even from bloggers needing her help. No matter how exotic or local the location, she is always in search of new tastes and places to explore. Based on her unique perspective gathered throughout each episode, Claire will teach the audience how to prepare the inspired dish while promoting a healthy attitude towards food and life.

Program Title	Xploration Nature Knows Best
Origination	Syndicated
Days/Times Program Regularly Scheduled	Saturdays at 11am
Total times aired at regularly scheduled time	13
Length of Program	30 mins

Age of Target Child Audience from	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(Digital Channel 31.1) Xploration Nature Knows Best will inspire and educate audiences of all ages. Host and marine biologist Danni Washington exudes energy as she relates how technology all around us was inspired by nature and how modern innovators are continuing with this practice. We will whirl around in airplanes inspired by birds and in helicopters influenced by the dragonfly and even jump from a few such vehicles to illustrate how wingsuits were invented based on the flying squirrel. But engineers are not the only scientists looking toward nature. We will also meet with biologists studying the behavior patterns of ants architects who design living buildings and roboticists who are making their designs bigger stronger and faster based on animals. This series will help kids to understand how getting outside and taking a look around can help them make the next great discovery.
