Broadcaster	Question	Response
Information and Transition Plan	Will the station be sharing equipment with another broadcast television station or stations (e. g., a shared antenna, co-location on a tower, use of the same transmitter room, multiple transmitters feeding a combiner, etc.)? If yes, enter the facility ID's of the other stations and click 'prefill' to download those stations' licensing information.	No
	Briefly describe transition plan	Map & analyze tower; modify if needed. Repl transmitter and antenna. Acquire interim ante system to keep station on air while replacing antenna and for the duration of the phase. Se attached Transition Plan.
