| Digital Core              | Question   |                       |                      | Response |
| Programming               | State the average number of hours of Core Programming per week broadcast by the station on its main program stream   |                       | 3.5                  |          |
|                           | State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream   |                       |                      | 168.0    |
|                           | State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:   |                       |                      | 3.5      |
|                           | Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?   |                       |                      | Yes      |
|                           | Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the |                       | Yes                  |          |

station's main program stream or on another of the station's free digital program streams?

# Digital Core Programs(23)

| Digital Core Program (1<br>of 23)   | Response   |
|---|--|
| Program Title   | XPLORATION: DIY SCI (MAIN) 6/16 - MG 7/8   |
| Origination   | Syndicated   |
| Days/Times Program<br>Regularly Scheduled   | Sun 11am   |
| Total times aired at regularly scheduled time   | 1  |
| Total times aired   | 1  |
| Number of Preemptions   | 0  |
| Number of Preemptions<br>for other than Breaking<br>News  | 0  |
| Number of Preemptions<br>Rescheduled  | 0  |
| Length of Program   | 30 mins  |
| Age of Target Child<br>Audience   | 13 years to 16 years   |
| Describe the<br>educational and<br>informational objective<br>of the program and how<br>it meets the definition of<br>Core Programming. | XPLORATION DIY Sci will inspire and educate audiences of all ages. Steve Spangler, host, science educator, and leader in the field of professional educational training, encourages the discovery of scientific concepts through experiments viewers can do at home. With a fun, relaxed attitude, Steve will take viewers through step-by-step demonstrations of do-it-yourself experiments that amaze but which also relate back to solid principles of science. |
| Does the Licensee<br>identify the program by<br>displaying throughout<br>the program the symbol<br>E/I?                                 | Yes  |

| Number of<br>Preemptions<br>Rescheduled   | 0  |
| Length of Program   | 30 mins  |
| Age of Target Child<br>Audience   | 13 years to 16 years   |
| Describe the<br>educational and<br>informational<br>objective of the<br>program and how it<br>meets the definition<br>of Core<br>Programming. | Host and marine biologist, Danni Washington, exudes energy as she relates how technology all<br>around us was inspired by nature and how modern innovators are continuing with this practice. We<br>will also meet with biologists studying the behavior patterns of ants, architects who design living<br>buildings, and roboticists who are making their designs bigger, stronger, and faster based on<br>animals. This series will help kids to understand how getting outside and taking a look around can<br>help them make the next great discovery. |

| Describe the<br>educational and<br>informational<br>objective of the<br>program and how it<br>meets the definition<br>of Core<br>Programming. | What will the world look like in 2050? Where will advancements in science, technology, engineering, and mathematics lead us? Xploration Earth 2050 strives to answer these questions and more with scientists, inventors, doctors, science fiction writers, and creative thinkers. This half hour weekly series, produced primarily for the 13-16 year old target audience will appeal to the whole family. Viewers will be taken on an educational adventure as the show tackles future challenges in everything from transportation to health care to the environment. |

Our host,<br>Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every<br>location we visit. From magnificent mountains to violent volcanoes, this program takes an in-depth look<br>at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their<br>beauty but also discover why they formed, and how they shaped our landscape. Geological experts<br>share their wisdom with Philippe, as we strive to understand places on the earth, inside the earth, and<br>above the earth. |

| Describe the<br>educational and<br>informational<br>objective of the<br>program and<br>how it meets<br>the definition of<br>Core<br>Programming. | Each week our host Emily Calandrelli will take viewers on incredible journeys through space that will both<br>entertain and educate. Ever wonder what it would be like to live in space or on a different planet? Watch<br>our host try to perform every day responsibilities while floating in zero gravity. Explore the challenges that<br>come along with living on a different planet as our host lives like an astronaut in a Mars like habitat. We<br>will have episodes on space robotics, commercial space tourism, asteroids, and our search for life,<br>among many others. When appropriate, the host will highlight NASA related programs and internships for<br>young students that are relevant to the content we have shown. |

| Describe the<br>educational and<br>informational<br>objective of the<br>program and how it<br>meets the definition<br>of Core Programming. | The Busy World of Richard Scarry is designed for two to five year olds. Like the Scarry books themselves the TV series uses themes that are congruent with the interests of preschool and early elementary school children. These include love of parents, mastery (of all the motor, language and social skills that they see in the world around them), power (who calls the shots), possession, personal routines, family living. The aim of the series is to make television a positive force in the lives of these children |

| Describe the<br>educational and<br>informational objective<br>of the program and<br>how it meets the<br>definition of Core<br>Programming.  | The Country Mouse and the City Mouse Adventures employs the fun and fascinating world-wide jaunts of a pair of adorable mice to present a body of important new learning. As Emily, the practical Country Mouse, and her sophisticated City Mouse cousin, Alexander, visit friends and family around the globe, they encounter non-stop delight along with non stop problems, complications and mysteries. By stepping in, helping out and dealing with the situations with which they are confronted, they teach youngsters valuable learning to learn skills, centering on discovery, investigation and analysis; associated personal-character and pro-social attitudes; and intriguing core-knowledge learning focused on world history, geography and language. |

Describe the educational and informational objective of the program and how it meets the definition of Core Programming. Xploration Awesome Planet will inspire and educate anyone interested in earth sciences. Our host, Philippe Cousteau, the grandson of legendary Jacques Cousteau, brings boundless energy to every location we visit. From magnificent mountains to violent volcanoes, this program takes an in-depth look at the unique and distinct features on planet Earth. We not only visit gigantic glaciers and behold their beauty but also discover why they formed, and how they shaped our landscape. Geological experts share their wisdom with Philippe, as we strive to understand places on the earth, inside the earth, and above the earth.
