Total times aired	26
Number of Preemptions	0
Number of Preemptions for other than Breaking News	0
Number of Preemptions Rescheduled	0
Length of Program	30 mins
Age of Target Child Audience	13 years to 16 years
Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	(14.1) Wild America is the first and only wildlife and capture series to focus exclusively on the wild animals and wild lands of North America. Hosted by award-winning wildlife photographer and premier naturalist Marty Stouffer, the series features footage of mammals, birds, reptiles, fish and insects throughout the entire continent. Viewers take a guided journey to witness the vast wonders and infinite diversity of nature firsthand. Series highlights include a magnificent menagerie of mice, moose, marmot, mollusk, mink , mockingbird, marten, manatee, and many, many more. Wild America is a series families can enjoy together. Parents and children will be delighted as they learn about nature. This program meets the definition of core programming because it educates and informs children on how all wild creatures, including man, are inter- connected, through the animal's own eye view, focusing on the reality of life in the wild, including birth, mating, predation and death.

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Animal Science is a half-hour weekly animal series with a uniquely scientific approach. The series is designed specifically for children 16 and under. While most animal shows look at the behavior of the animals, this program goes further to look at the how and why an animal is able to excel in its environment. The program uses animation, graphics, and scientific analysis from animal experts to give viewers more understanding than ever before of these amazing creatures. The enthusiastic host's modem vocal style will be engaging to the target audience.
