Digital Core
Programming

Question	Response
State the average number of hours of Core Programming per week broadcast by the station on its main program stream	3.0
State the average number of hours per week of free over-the-air digital video programming broadcast by the station on other than its main program stream	336.0
State the average number of hours per week of Core Programming broadcast by the station on other than its main program stream. See 47 C.F.R. Section 73.671:	6.0
Does the Licensee provide information identifying each Core Program aired on its station, including an indication of the target child audience, to publishers of program guides as required by 47 C.F.R. Section 73.673?	Yes
Does the Licensee certify that at least 50% of the Core Programming counted toward meeting the additional programming guideline (applied to free video programming aired on other than the main Yes No program stream) did not consist of program episodes that had already aired within the previous seven days either on the station's main program stream or on another of the station's free digital program streams?	Yes

Describe the educational and informational objective of the program and how it meets the definition of Core Programming.	Skooled is a kids show that meets the educational and informational needs of children 13-16 years of age with its program content. The show highlights many issues that face today's teens in school. It's the ultimate learning experience for kids who swap roles with teachers - and both students and teachers better understand what it means to be the other. The teen students learn how difficult it is for teachers today, while teachers get a lesson in being students. This unusual role-reversal teaches kids and adults important differences and the episodes address concerns each has with the other. Skooled is a very enlightening and a valuable way for teenage viewers to appreciate their academic decision-making.
